

REPUBLICANS SWEEP TOWNSHIP ELECTIONS

Small Turnout of Voters Fail to Elect a Single Democrat

The entire republican list of candidates took high vote in the Urbana and Champaign township elections yesterday. The vote was very light in both cities. In Urbana not more than 20 percent of the voters turned out for the election. In Champaign as great an absence of voters was also noticed.

The returns of the Champaign election are: For supervisor A. C. Singbusch (republican) 538, O. L. Percival (democrat) 230; for assistant supervisor, two year term, two to be elected, J. O. Goodman 494, H. B. Harris 520 (republican), Theodore Block 179, J. W. Spamey 169 (democrats); for assistant supervisor one year term, two to be elected, Homer Morton 516, J. Melahn 496, (republican), Thomas Malloy 171, Charles H. Demlow 171, (democrats); for assessor Harry King (republican) 538, A. R. Scott (democrat) 212; for park commissioner J. W. Stipes (republican) 436, J. R. Trevett (democrat) 264.

Urbana Winners
Those victorious in the Urbana township election are: For assistant supervisor, two to be elected, Theodore Birchler 354, Alfred Silvert 350 (republicans), John Pruman 164, Louis Frazer 186 (democrats); for township clerk, F. A. Ingalls (republican) 352, L. Bruce White (democrat) 153; for assessor W. M. Ely (republican) 392, John Holihan (democrat) 177; for commissioner of highways Frank Werts (republican) 404, Harmon Corey (democrat) 177; for justice of the peace James Byrne (republican) 358, Martin Brownfield (democrat) 181, for constable Ray E. Enert (republican) 404, Samuel P. Lewis (democrat) 138.

STATE NORMAL STUDENTS FORM CYRIL HOPKINS CLUB

Formation of a Cyril Hopkins club, for the purpose of studying the teachings of Dr. Cyril George Hopkins, originator of the Illinois permanent system of soil fertility, is being perfected by agricultural students of the Illinois State Normal school at Bloomington.

Dr. Hopkins was associated with the agricultural experiment station of the University from 1894 to 1914, directing the work from 1903. He carried on agricultural reconstruction work in South Europe headquarters at Athens, Greece, from 1918 to the time of his death in 1920, and was decorated by the King of Greece for his services in relief work.

He was the author of many books and articles on agricultural subjects.

SENIOR ALUMNI CAMPAIGN CONTINUES UNTIL FRIDAY

Senior solicitation for membership in the Alumni association will extend throughout the week, but no definite reports will be made until Friday.

The follow-up campaign has been put on at the request of members of the class, since the previous drive came shortly after the payment of the semester fees.

More than 50 workers are now busy canvassing, each calling on 10 seniors. Every senior who has not yet subscribed will probably receive a personal call from one of the solicitors.

HALL, BACK FROM PURDUE LAUDS BOILERMAKER SHOP

Purdue university's college of engineering places greater emphasis on practical shop work than does Illinois, according to B. Rupert Hall, superintendent of the Wood Shop Laboratory who has returned from an inspection trip at Lafayette.

"Purdue has a fine group of shops," said Hall, "and their equipment for manual work is unusually complete. Here at Illinois we attempt to give less of the essentials in manual work and more of the higher technical study."

Dixie Tour Lure Speeds Up Illini On Cinder Track

Varsity track tryouts, which will in part determine the personnel of the Indian cinder squad that will make the southern jaunt to Texas April 13-21, will take place at 2:30 o'clock Saturday on Illinois field.

Coach Gill is putting his aggregation through some stiff training as compared with their indoor practicing, but he expects to have his athletes in excellent condition by Saturday. The southern teams, Rice Institute and Texas university, staged track meets last Saturday and will repeat again this week, so they will have two weeks jump on the Orange and Blue runners.

Trip Includes Galveston
Besides the drilling of his men, Harry Gill is planning the tour with a thought upon making good use of the Sunday following the Rice institute meet at Houston by going to Galveston.

Taking their private pullman on the Panama Limited from here Thursday, April 13, the members of the team, Manager Art Squier, Coach Gill and possibly Coach Zuppke, will make this car their home for the entire trip. There will be no sleeping in hotels, for the special car will be switched from New Orleans to Houston, to Galveston, to Austin and return, making a circuit of Texas and arriving in Champaign again Friday, April 21.

MISS LITA BANE WRITES HOMEMAKING PAMPHLET

Home-making is described as a profession in which most women are engaged, in a pamphlet, "The County Home Bureau in Illinois," by Miss Lita Bane, state leader of home economics extension. The circular has just been published by the Agricultural College and Experiment station of the University.

The pamphlet explains the nature of the county home bureau and the first steps in its organization. It is especially for use in counties which have no home bureau, but which are considering forming one.

Miss Bane also explains the work, finances, aims, activities, and advantages of the home bureau. The place and qualifications of the home adviser are also considered.

SUPREME COURT JUSTICES SEND PICTURES TO JONES

Autographed photographs of Justice Holmes and Justice Brandeis of the United States supreme court have been received by Dean Henry Craig Jones of the College of Law. The pictures will be framed and hung in the Law Building.

A group picture of all the justices of the supreme court of the United States has also been presented to the College of Law.

CZECK DOCTOR HERE FOR DAIRY RESEARCH

Dr. John Jurena Arrives From Czecho-Slovakia to Study Conditions

"I drink milk in this country but the unsanitary methods of handling milk at home in Czecho-Slovakia make it distasteful," Dr. John Jurena, who came here from the new Czecho-Slovakia government to study food conditions and legislation, said yesterday, as he began two weeks' extensive research in the department of dairy bacteriology.

Dr. Jurena is one of the eight doctors who have been sent to this country by the Rockefeller foundation to study American methods of education and government control.

Cites Problems
"Czecho-Slovakia is a little larger than Illinois and supports a population of 40 million people. That is why the food conditions are the most important problems of the country," Dr. Jurena said.

Dr. Jurena studied in the bureau of chemistry, Chicago, for three months and has investigated factory control

DOCTOR IS NOT DOCTOR WHEN HE IS MEDICAL STUDENT SAY RECORDS

Old Mr. Leopard and his changing spots have nothing on the graduates of the Chicago departments of the University. Mea of strong determination have gone through the school of Dentistry, and behold—among them are a piano dealer, a banker, a motor-truck dealer, and a pastor.

Graduates in pharmacy are not to be outdone. They boast representatives in the lines of jewelry, insurance, music, ranching, cigar selling, and then there is one man who has a lovely time making freckle cream. A coal operator, a phonograph jobber, and a manager of a girls' school are the only ones the School of Medicine can claim.

All this and other information can be found in the Chicago Alumni Record, which has just been published. Carl Stephens edited it, and it is the first one of its kind to appear. Graduates of all the Chicago departments are listed, with short biographical sketches.

nd management extensively. His special field is the method of controlling food products, particularly dairy products, and he will have control of the department of food in the new government.

APACHES MEET CHI PHI TONIGHT IN CHAMPIONSHIP TILT

DIVISION FINALISTS FINISH BASKETBALL SEASON IN BATTLE

Intra-Mural Tournament Ends
With Two-Year Champions in Finals As Usual

The intra-mural basketball tournament of 1922 comes to an end this evening when the Apaches, independent division champions of the University, meet Chi Phi, highly touted champion of the Fraternity division, at 7:30 o'clock in the Gym Annex in the game that is expected to prove the closest and hardest fought of any in the whole tourney.

The Apaches won the state independent championship of Illinois at Springfield between semesters but were disqualified by the officials when they secured the opposing team's permission to play a certain man, but neglected to get the acceptance of the officials. Three of the regulars made the first state all-star team.

Chi Phi encountered its hardest game when it met Phi Kappa in a semi-final round. After the regular forty minute period and one overtime period of five minutes, the score was still tied and it was only during the second overtime period that Chi Phi was able to sink the winning points.

Apaches' Hardest Fight
Brauninger club gave the Apaches the hardest tilt of the contests in their section, losing 26 to 24 in another overtime game which was decided in the last few minutes of play. The Apaches were outplayed on the floor but made up for this in superior basket shooting. A fresh player, injected into the fray in the overtime period, was the reason for the Apaches' victory.

Chi Phi uses a dribbling game to work down the floor, while the Apaches rely on short passes. Both teams are speedy and have able substitutes who can take up the burden of the game. Basket shooting is scattered abundantly throughout both teams and any player is able to break up the game at any time.

Team Stars
The good work of Gipson, Crossley, and Pfeiffer of the Apaches has resulted in their team making its way into the finals. They have evolved an offense and defense that has coped with all the teams they have played this year. Pfeiffer and Hull are expected to start as forwards, with Gipson at center and Eaton and Sanford as guards.

Chi Phi owes its position in the finals to the excellent work of Ketzler, center, and Novotny, forward. These two players have scintillated during the entire season and played on the top of their form during the semi-finals. Other players expected to start are Becker, forward, Wilson, guard, and Golden, guard.

MISS BANE IN OTTAWA
Miss Lita Bane, state leader in home economics extension, will attend an executive board meeting of the LaSalle county home bureau today in Ottawa. She will return to the University tomorrow.

WAR PAINT

BY ANNIE OAKLEY
ILLINOIS SPORT HISTORY
Ten years ago professionalism hit Illinois a harder blow than it did last winter. Huff was preparing to open the conference baseball season with a veteran team that had won the championship two years in succession. A few days before the first game he discovered that five men were professionals. He put all of them off of the squad and lost the championship. Everyone of the men had a successful career in professional baseball after leaving the University.

This column does not deal in beauty hints. It deals with the kind of rouage the Indians donned when they prepared to knock their enemies for a happy hunting ground or so.

PROOF OF THE PUDDING
The Campus Scout is gotten out By rankst literati!
But this brain child is all compiled By rougneck bourgeoisie.

Since the Big Ten has flatly rejected summer baseball the next problem is not to catch the offenders but to furnish everyone with glasses for short-sightedness so that the man that is caught does not have to serve as the goat.

Bloomers Swish As Women Train For Track Meet

Bloomers flopped in the breeze, cinders flew from the running track, sawdust spurted from the high jumping pit, and bobbed-hair whipped about powderless faces, as the women had their first out-door practice on the south campus yesterday for the track meet to be held May 4.

As each group finished their work out, a sorry looking track team trudged toward the gymnasium with sore

ALPHA CHI RHO WINS ALLEY FINALS PLACE

Match Last Night Kills Championship Chances of Tau Kappa Epsilon

Winning three games in the first championship tilt with Tau Kappa Epsilon in the intra-mural bowling tournament last night on the Arcade alleys, Alpha Chi Rho looks like a strong contender for the final honors.

Alpha Chi Rho took the first game with almost a margin of 100 pins and repeated in the second game with a 60 pin lead. The third game was close, the final score being 766 to 773 in favor of Alpha Chi Rho.

Takes Off Form
The Tau Kappa Epsilon pinners bowled under their usual form. Even Blomberg, one of the best bowlers in the league, fell far below his customary average. The strength of the Alpha Chi Rho bowlers rested in Sturdevant who landed high bowl of 202 for the evening and also high average.

Tau Kappa Epsilon is practically eliminated from championship hopes as a result of last night's match. It has only one more match to play and that with Alpha Gamma Rho, leaders in the first division.

Tonight, Alpha Gamma Rho meets

Julie Mee Slams Ball All Over Lot To Down Giants

Julie Mee, 21, Varsity shortstop for two seasons, called the "Babe Ruth of the Conference" by sport writers because of his circuit smashes and consistent hitting records while playing on Illinois baseball teams is showing the same qualities with the Omaha western league according to a report of an exhibition game played with the New York Giants. Mee made three of Omaha's seven hits, winning 6 to 1.

Gets Three Singles
The Victoria Daily Advocate reports part of the game as follows: Julie Mee cracked one down the third base line, which went directly over the bag but the umpire ruled it a foul. Mee then picked up another one to his liking and hit it so hard it came near undressing the Giant third baseman, scoring a runner and advancing another man to third.

Mee then uncorked a fast drive, on which the man on third crossed the

plate. In another inning with two outs and a man on second, Mee came up and the stands shouted their approval as the little fellow had been having a great day. Mee did not disappoint the crowd but came through with his third single of the day, scoring the man on second. A few minutes later Mee stole home.

W.A.A. CANDIDATES MEET TODAY FOR EXAMINATIONS

Applicants for membership in the Women's Athletic association will

meet at 12 o'clock today in the W.A.A. rooms for the constitution examination. The initiation will be held Thursday.

Copies of the constitution may be purchased from Miss Goodrich in the gymnasium.

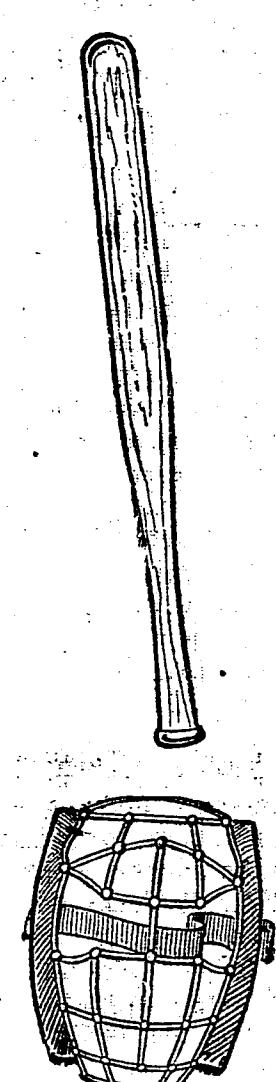

Requirements for membership in the association are 125 W.A.A. points and scholastic average of C. Women reporting for the examination will bring \$2.50 to cover initiation fee, dues, and the cost of a pin.

New Unit Fraternities

One direct benefit of the formation of the unit system seems well on the way toward realization. That is the formation of new local fraternities.

Perhaps a quarter of the units have been organized upon a basis similar to that of present organized houses. Some units have included plans for restrictive membership; others have adopted rituals. Scores of the units have developed a co-operative spirit which may form the basis for later brotherhoods.

With the present inadequacy of the housing situation starting in the face of the program for expansion of the University, any movement which promises co-operative rooming, brings relief in sight. Dormitories for men do not seem possible within a decade. Private capital can not find them profitable, according to local estimates. The University can not yet afford to construct them. The legislature will probably be slow in providing them. Only by students taking the situation in their own hands and establishing houses which they can finance and manage themselves, can the facilities of the University district be utilized to the fullest extent.

Too frequently, only the social side of fraternities has been emphasized. A great deal has been said about the training and pleasures which inure to the student living in co-operative houses. Any shortcomings which fraternities may have have been played up to the public. On the other hand, very little has been said about the economic importance of student organizations operating their own living affairs. The fact that students can manage a house co-operatively more cheaply than they can buy equal accommodations as individuals, has not been emphasized. Perhaps it is true that some organized houses assess their members at a higher rate than they would have to pay in unorganized quarters, but that is only because of the additional comforts and conveniences. If students of average means were to form a society and not raise their standard of living, the saving they would affect would be startling.

Some have predicted that as many as twenty new fraternities will be put in operation this spring. This will mean that several hundreds of students have come to a better understanding of each other and will endeavor to share the financial responsibility of maintaining a rooming house. The benefits of brotherhood follow closely after association. Let them be economic ventures, if you please, but if they are entered into by men of sincere purpose who can get along with their chosen brothers, they will not go amiss.

A Fable of Bootleggers

Once upon a time a village was going to the bow wows. The villagers had looked upon the wine and it was red and they had partaken thereof and had felt right boisterous. Their neighbors looked on and marvelled and conditions were ideal for the spread of the epidemic. The patriarch of the village being a man of morals and having the welfare of his people at heart began to cast about him for some means to check the Bacchanalian blight. He approached the Burgomaster and asked that he use his men at arms to suppress the activities of the dramsellers who held in byways and gently thumbed their noses at the bold bad men who came to destroy their place of business. The burgomaster's heart

was touched and, making a note of the interview on his memorandum pad, promised that all would be attended to and the patriarch departed rubbing his palms with satisfaction.

Days dragged past and the villagers staggered about while the dramsellers opened bank accounts and rode to and from their places of amusement in taxis. And the patriarch drove on to the scrivener, poundmaster, lord high judge advocate and the other main squeezes about the village and all wept piteously as they heard the tale of woe and promised that ere another sun had set, the town would be so dry that matches would have to be stored in the ice chest. The patriarch rubbed his palms but this time he smote them and muttered something under his breath that was not in the nature of a lullaby. And the number of inebriates was exceeded only by the number of those furnishing the stipuli.

And the patriarch appealed to the king of the realm and a messenger was sent who looked about, wrying his hands in dismay and said that he would see what he could do. Another messenger duplicated his predecessor's performance and the moisture continued unabated. The pursuit developed into a game of tag and the participants became proficient in passing the buck and the patriarch in despair retired to his study and watched the drunken revelers file past his window with jocund ribaldry hurling jests and imprecations.

The village may be called Champaign-Urbana, the scriveners and other squeezes may be those in authority while the patriarch is a man who has the interests of the University community at heart.

Enforcing the Rule

Instead of retracting the battered summer baseball rule, the council of coaches in the Big Ten has determined upon a policy of strict enforcement. They came to an understanding that they would make a concerted attempt to exclude players ineligible under the provision. For the first time, they have pledged themselves not to consider the coach who reports violations as an "informer," but to accept his evidence for the good of the sport.

We do not believe that the summer baseball rule should stand, we believe that the conference will retract it within the next three years. However, the rule remains, and now that there has been some fidelity pledged to its enforcement, enforcement must be the word.

Illinois has always taken the lead in enforcing the rule against semi-professionals. Now that the coaches have agreed to be severe in their search for evidence and in their barring the guilty, there is every reason to believe that Illinois' position will be maintained.

If the summer baseball rule is to stay on the books, and if it is to accomplish what those who foster it believe it will, it must be carried out indiscriminately and with emphasis. There must be a general house-cleaning throughout the Big Ten which will quiet a few of the galloping rumors that half the players on some teams are ineligible. Perhaps these reports are exaggerated. But they are too recurring not to be founded upon some fact. The summer baseball rule declares war on the men who accept pay for playing baseball during vacation. That war ought not to be confined to a few camps when many are open to attack. There have been too many coaches sitting by while their brothers live up to the regulations and pay the price.

Co-eds living in one of the main dormitories at Northwestern university are to receive their mail before attending eight o'clock classes. The purpose of the change is to relieve them from the tension of waiting until noon for their letters from home, which has previously made them inattentive in class. We think the hard hearted faculty might also serve them their breakfasts in bed, but why should there be so much tension if they are only waiting for letters from home? *Daily Cardinal*.

"One of the greatest satisfactions of spring is that the seminars are clear for studying," remarked the Walrus as he started to gormandize on a three weeks assignment of reference. "The library dates have moved to the south campus."

The most appropriate memorial for the present senior class would be a stained flu germ soaked in calphor and mounted on a quinine pedestal—Ohio State Lantern. Which causes us to remark again on the passing of the S. A. T. C. crowd.

If the cities would worry less about the ball-players' breaking the street lights, and more about the cars that whip up and down Green street at 40 per in the rain, there would be more general satisfaction.

Three problems which confront the man who undertakes to establish a campus government are: there is no student judiciary, nor taxation, nor final student authority.

Both Champaign and Urbana elections drew a small vote. What has become of the days (as during local option) when the politicians used to lapel the students between classes.

"Gill men start out-door practice" says Daily Illini headline. "But don't shiver for them. They are trackmen, not swimmers." *Minnesota Daily*.

We wonder sometimes just what some committee meetings are worth when they keep us from attending lectures or concerts at the University.

Now that the hotel site has been chosen, attention can be centered upon choosing the site for the Stadium.

Why not have an Honor Commission composed of both students and faculty members?

Others' Opinions

Examinations and Trust

Editor Illini: The letter by "Doubtful Junior" in Tuesday's Illini is so absurd as scarcely to warrant notice, except that someone may be misled by his headline and, on superficial reading, by his distorted conception of "Honor Among the Faculty".

As a part of the laboratory work in a certain course, the students were asked to observe a film dealing in an emphatic way with a certain phase of the work and to write a report of 250 to 500 words describing what they saw and criticizing the film if they were so inclined. As explained in the same breath with which the instructor facetiously remarked about sleeping through the illustrated lecture, the purpose of calling for a report on the illustrations was (1) to test the ability of the students to observe accurately and to state clearly what is observed and (2) to stimulate close attention to the points illustrated by the film which are of genuine importance to the majority of the students. I believe everyone in the class would admit that he did observe more closely and learn more from the film that he would have if the report had not been called for.

Instead of seeing in this assignment an opportunity to learn something useful, the perverted mind of "Doubtful Junior" pretends to see it in distrust of the class and an act of dishonor. By the same reasoning, the chemistry professor who requires his students to write up their experiments, does so because he "trusts his students so little". The mathematics instructor should never ask for a solution of the problem assigned: he should "place more confidence in his students". English themes are, by D. J.'s reasoning, a sign of dishonor among the department faculty. The students should be "trusted" to have perfect ability along this line and not to go to sleep mentally or physically before the task is completed. Examination questions might be submitted to students to read, but they should not be asked to write the answers lest they resent being "watched and doubted".

No wonder a man of D. J.'s mental attitude is so proud that he has "gotten by" as far as the junior year. No surprise either that "if he gets the chance to put something over on the professor" he is "tempted to take advantage of it". His is not honor for honor's sake, but honor for fear of being found out. That is exactly what one would expect of a morbid intellect that could place such an interpretation on a perfectly well-meant and legitimate assignment.

Students who are sincere in their "Know your prof" campaign will resent the constant attempt on the part of perverted individuals like "Doubtful Junior" to garble statements and to impute the worst possible motive to every remark their of instructors. Such procedure cannot help widening the gap between the student body and the faculty.

C. L. METCALF.

Locating The Stadium

Editor Illini: In regard to your recent editorial concerning the location of the Stadium I will say that I imagine that very few alumni know what locations are being considered. I know that I didn't until a month ago.

Back in 1904 when I was in the academy they were talking a campus building plan and they are still talking it and twenty years from now if alive I expect to read of the board of trustees rejecting the campus plan and calling for a new deal and if we wait for a Stadium until they establish a permanent plan that will stay put we will never see it built.

On the day of the game it doesn't matter where it is located—we will get there; but as I understand it this stadium will be used every day for class sports practice, for class work in the coaching school and that means students must go back and forth between the stadium and the other class rooms so it seems to me that the closer in that it can be built the better.

The stadium is first, last and all the time, it seems to me the concern of the Athletic department and I haven't any doubt in my mind that what Mr.

Huff has given the matter more thought and realizes better what it means than all the architects connected with the matter.

There is not any question in my mind but that the contract can be let this summer from \$250,000 to \$350,000, cheaper than it could last year and very likely cheaper than it can be next year. If this delay interferes with the letting this year, I am very sure that the alumni and students who are paying for it ought to take offense if they don't.

For my part I believe that most everyone would be perfectly willing to leave the matter to Mr. Huff's judgment and abide by his decision.

Yours very truly,

RODNEY L. BELL '09.

THAT'S one reason why University men are finding the sport models they like at Zom's.

In these good-looking garments there is found the newest style note.

One of these new styles is the low-belted coat with the Norfolk front—illustrated to the left in this advertisement.

The four-pocket coat, of course, is highly popular. Zom has just received new models unusually attractive in cut, pattern and price.

RELIGIOUS WORKERS INTERVIEW STUDENTS

Third Annual Recruiting Conference At Wesley Foundation

Two hundred and twenty students have interviewed or made arrangements to interview the religious workers brought here by the Y.W.C.A. and Y.M.C.A. and the University churches for the third annual recruiting conference, which opened with the All-University service Sunday evening and which will close today. The conference consists entirely of interviews which are held at Wesley foundation.

Some of those who are interviewing students are: Dr. L. F. Heimburger, missionary to China, Frederick W. Burnham, president United Christian Missionary society; H. M. Howard, missionary in Africa; A. Wakefield Slaten, of the Y.M.C.A. college, Chicago, and E. F. Denison, Y.M.C.A. personnel secretary for the Middle West.

Twenty-four students are scheduled to interview A. Wakefield Slaten, head of the department of religion and ethics at the Y.M.C.A. college in Chicago. The college he represents prepares men in a four year course for Y.M.C.A. secretariats, giving them a bachelor of science degree. It has at present an attendance of 150 students, 17 of whom are foreigners. This college owns the Lake Geneva summer resort.

Y.W. WILL SELECT WOMEN AS GROUP LEADERS TODAY

Women in unorganized houses recommended for leadership in the women's group system by instructors and captains of existing women's units, will be selected by the group system committee in their meeting at 5 o'clock today at the Y.W.C.A.

The committee will set a date for a meeting to call together all the women whose names are selected, and from this meeting the nucleus for group organization work will be chosen.

HOLD FUNERAL SERVICES FOR E. M. BURR TODAY

Funeral services for E. M. Burr, owner of the Burr Machine shop and foundry, who died suddenly Monday afternoon at 3 o'clock this afternoon at the Methodist church, at the corner of Church and State streets, Champaign, Rev. H. A. Keck will officiate.

Burr graduated with the class of 1878 of the University receiving a degree of bachelor of science in mechanical engineering. While he was in the University he was active in student affairs. He was a debator and had much literary ability. He was a member of Adelphe literary society and Tau Beta Pi, honorary engineering fraternity.

MEETING CALLED TO PLAN CHEMISTRY INSPECTION TRIP

Students registered for the chemistry inspection trip, April 17, 18, 19 and 20 at Chicago will meet at 4 o'clock this afternoon in 100 Chemistry Building. The roll will be taken.

Dr. T. E. Layng of the department of chemistry and other members of the department of chemistry in charge of the trip will explain some of the important details of the trip including the itinerary which has been compiled.

MRS. SAUNDERS TO ADDRESS GAMMA EPSILON PI TODAY

Mrs. Alta G. Saunders of the department of English will speak on "Experiences of the Woman in Business" at 4 o'clock today in 100 Commerce Building at an open meeting of Gamma Epsilon Pi, honorary commerce fraternity for women. The meeting will be open to all women in the College of Commerce.

THIS IS LADIES' DAY!

RIGHT BACK AT YOU, BIG BEN
The import, Gee, she's funny, rubber-necking round the place
With a look of childish innocence and cold cream on her face;
She has left the cows and chickens with the neighbors for a spell
While she visits up at college as befits the village belle.
Papa sold a load of turnips to acquire that evening dress,
And the satin pumps are borrowed, tho they're pretty, I confess.
Back at home she'll be the berries after such a swell affair;
She will teach the town the latest steps and maybe bob her hair.
So the import so angelic has to be the campus clown;
She's the girl who has to suffer when the rest have turned you down.
—Green Eyes.

We'll be darned if we know
Where can a man buy a cap for his knee?
Or a key to the lock of his hair?
—Exchange.

Horace Johnson of Chicago writes in and tells us that he has purchased a new typewriter and finds it particularly facile in signing checks.

YES, CLEO, A PARABOOT AND A PARASANDALS DOES CONSTITUTE A PARADOX

Although I am a member of the sex sometimes referred to in this column as "frills," I could not help wondering yesterday when I saw a pair of Russian boots walking down the street with a pair of sandals, and both, of course, had bobbed hair. It appeared to me as though it was an example of "from the sublime to the ridiculous," although I can't figure out which was which.
—Cleopatra.

THINK THIS OVER, BOYS
Why be just a pebble in her life?
If you really want to hold her
Give up all this "love-at-distance" strife.
And be a little bowdler!
—The Lady That's Known as Lou.

JUST HOW ARE YOU RELATED TO LORD DELIVEROUS, LADY?
Old Scout:
Since today's the day when the female of the species can pan to her heart's content, I'm going to get a load off my mind by characterizing some of my contributors:
Big Ben—a cat.
Zymurgy—a braggart.
Tukulti—a fool.
C.O.D.—a prig.
Shimshin—a snob.
See you next Wednesday.
—Lady Deliverous.

DON'T CRY, ROSE; HE ISN'T WORTH IT—THE BRUTE!
I sit in the dark with my head on my arms
Weeping tears, bitter tears, for my love.
While the clock on the mantle is telling the hours,
And the moonbeams fall soft from above.
And I sob and I sigh,
As I brokenly cry.
"My wandering Willie, where art thou tonight?"
And the breeze seem to say,
"He's been tempted away
By that wench from Decatur!"
Oh! Oh! How I hate her!
She's taken my comfort, my life and my lite!
—Oregon Rose.

MY, MY, ALTA; WHAT A COLD MISSIVE!

Dear Scout:
After giving a friend of mine the well known cold shoulder the other day, I received this note from him: What would you do about it if you were in my place?

My Dear Alta:
Poets tell of icy shoulders, marble hearts and snowy throats; frozen stairs, delicious shivers, everything that cold connotes—cold cream lotions, camphor ice, arctics on her dainty feet; do you wonder why I shiver when I meet my frozen sweet?
—Alta Tude.

We advise, Alta, that you install a furnace in your house.

"SHE" IS ON THE WARPATH
You curse the girls who rouge and spoon.

You curse the girls who don't.
You curse the girls who smile at you.
You curse the girls who won't.
Inconsistency, thy name is man.

For among thy very numbers
Is one who shames mankind
And himself with sin encumbers.
For the height of all audacity,
Setting the pace for idiocy,
Is the Frosh who wears a mustache on his face!
SHE.

As they entered the minister's house, shy and blushing, she stumbled on the threshold. "Oh, are you hurt, darling?" he cried solicitously.

As they came from the minister's house half an hour later, she stumbled on the threshold. "Pick up your feet!" he growled.

—Black Eyed Susan.

TODAY'S LAST LINE
The ladies, God bless 'em!
"W."

BEST STOCK JUDGER TO BE GIVEN WATCH

Hampshire Breeders Association
To Present Prize in Contest April 22

A 17-jewel, green-gold watch of unusual workmanship to be presented for the best all-around judge in the annual stock judging contest, April 22 in the stock pavilion, was received yesterday from the Hampshire Breeders Association. The watch which contains Swiss works and is attractively designed, is the fifth watch sent by that organization as grand prize for the stock judging contest.

Numerous trophies and medals to be given as prizes in preliminary classes will be sent by a number of livestock associations and magazines from all over the country.

Name Officials
The dairy judging team which is being planned for next year to be sent to the National Dairy show, will probably be chosen from the winners in the dairy contest.

Those in charge of the dairy judging contest are: Prof. W. W. Yapp, faculty chairman; R. L. Pollitt '23, general chairman; W. W. Asbaugh '23, E. K. Leonard '23, P. T. Sanders '22, R. R. Tombaugh '25, Z. E. Crowell '23.

Students wishing to try out for the contest of fitting and showing dairy cows are requested to meet at the purebred dairy barns Friday afternoon at 4 o'clock. Selection of animals for fitting and showing will be made at this time, according to W. W. Asbaugh '23, who is in charge of the contest.

WASHBURN WILL SPEAK AT FRANKLIN INSTITUTE

Prof. E. W. Washburn head of the department of ceramic engineering, will deliver an illustrated lecture today, on Physical Chemistry and Ceramics before the Franklin Institute of Philadelphia.

Franklin Institute was formed in 1824 for the promotion of mechanical arts through lectures, reports, investigations and a Journal. Leading men in all branches of scientific and mechanical work are invited to speak before the Institute.

SENATE APPROVES CHANGES IN MUSIC SCHOOL COURSES

Eight minor recommendations for changes of courses in the School of Music were passed by the University Senate at its meeting this week.

The changes had been proposed by the committee on educational policy. No other business was transacted at the meeting.

L.H. REP SCHOOL HOUSE DEFEATS CITY LEARNING FACTORY, DECLARE TESTS

Reading, writing, and arithmetic used to be just readin', writin', and 'rithmetic whether it was taught at Savoy or in Chicago.

But now, children who go to school in rural communities can do numbers better than those in town, and city youngsters learn to read more quickly than their country cousins, according to a new bulletin issued by the bureau of educational research.

This fact is one of many gathered in the examination of 55,000 grade school children with the battery of tests known as "The Illinois Examination."

The examination was planned by Prof. B. R. Buckingham, former director of the bureau, now at Ohio State university, and has been carried out to a great extent by the present director, Dr. W. S. Monroe.

TWO UNIVERSITY EXPERTS WILL FINISH SOIL SURVEY

W. P. Hiltabrand and I. O. Copes of the state soil survey left the University yesterday to finish the survey of Madison and Greer counties.

Two other parties will start survey-

ing in other counties as soon as the roads are passable. The work will last until Thanksgiving. Eighty percent of Madison county has been surveyed.

The survey is made to determine what kind of soil exists and what treatment can be used to improve it. Maps made, showing the various types of soil present, are sent to the farmers in each community.

"Selling Yourself"

Mr. J. J. Munsell, who was chairman of the Stadium Committee that raised over \$500,000.00 in Columbus alone for that magnificent structure now being built at the Ohio State University, was for several years manager of the department at the National Cash Register Company, Dayton, Ohio, known at that time as the Employment, Promotion and Discharge Department.

Mr. Munsell was personally responsible for the promotion of M. J. H. Barringer, Vice-president and General Manager of the National Cash Register Company, from a humble clerical position to the position in the executive offices that proved a stepping stone to his present high position.

The numerous requests Mr. Munsell receives for advice and suggestions about the proper way to sell yourself,

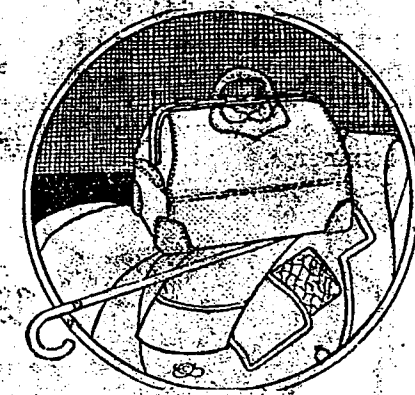

or to make application for a job and what to do when once you get it, led him to put the fund of information he has into booklet form. Any young man or woman expecting to, at some time, enter the business world should read this booklet. The earlier in life you read it the better, it is information of value to anyone regardless of age.

The following is an extract from a letter written by President W. F. Thompson of the Ohio State University:

"One of the books with the regular that here is a man in sympathy with young men, speaking plainly and truthfully to them about matters vital to their success and happiness in making their careers. The tone of the book is wholesome throughout."

(Cut this out as a reminder to order "Selling Yourself.")
Enclose either a \$1.00 bill or money

order with your mailing address, and send same to J. J. Munsell, 11 East Rich street, Columbus, Ohio.

Most of the famous structures of the world are equipped with Otis Elevators.

WHAT structure is better known or is more typical of America than this Statue at the gate of New York.

Countless thousands from the old world pass under the uplifted arm that holds a torch which means to them worlds more than to us, though our millions know it and love it for the symbol it is.

It is fitting that an Otis Elevator should carry passengers up through the base to the foot of the Statue. For though the activities of Otis are world-wide, the beginnings, the creation, the basic ideas and the great developments of vertical transportation were made by Otis in America.

Are You Looking for a Home or an INVESTMENT?

In either case I am well prepared to show you a varied assortment to select from. I especially desire to call your attention to a few that I consider among the best. These are some of the best located and worth while properties in the university district.

First: A large house close to and west of the campus. Well adapted for a rooming house.

Price — \$12000

Second: A very serviceable eleven room house near Illinois Field. Hot water heating plant. This is an excellent investment at \$6000.

Third: A ten room house two blocks east of the campus. Easy terms, \$8500.

Fourth: A seven room house near campus on W. Oregon street. A large lot with garage. \$10000.

Fifth: Beautiful bungalow with hot water heating plant. South Orchard St. \$8500.

Sixth: An unusually attractive eight room house with garage. Short distance east of the forestry. Price and terms on application.

These are just a sample of the properties that I have to choose from. I also have some well located vacant lots. Kindly call and let me discuss your real estate problems with you.

Truly yours,

G. R. PARKER

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

Camel

PLANS FOR SUMMER SESSION ANNOUNCED

Teaching Staff to be Strengthened and Number of Courses Increased

Strengthening the instruction and increasing the number of courses in nearly every department of the summer session through additions to the teaching fund is expected to make the coming eight-weeks' course the best in the history of the University, according to the summer session bulletin, page proofs of which have arrived at the office of the College of Education.

The bulletin is expected to be ready for distribution in one week. New courses have been added in advanced engineering research for university instructors.

List New Courses

Other courses will be added in the College of Education, in the Library School, in technical agriculture, in philosophy, and in horsemanship. The latter two are new this year.

Courses for instructors in athletic coaching will follow the lines laid down in former years with the exception of two new courses in gymnastics.

To Open June 19

The session will open June 19 and close August 12. In calling the session to the attention of high school principals recently, Dean C. E. Chadsey of the College of Education, director of the summer session, stressed the fact that by attending every session a student can finish his college work in three years.

The Illinois Union will have rooms available to rent to summer students, and the Women's Residence Hall will furnish room and board for women.

J. D. BILSBORROW RETURNS FROM DEKALB CONFERENCE

J. D. Bilsborrow, acting head of the University agricultural extension division, returned Monday, from Chicago, where he attended a meeting of the executive committee in charge of the decennial celebration at Dekalb to be held June 30, commemorating the establishment of county farm bureaus.

Mr. Bilsborrow is chairman of the committee in charge of the pageant which will picture the growth of the state farm bureau federation from the date of its establishment in 1912 to its present membership of 100,000 agriculturists throughout the state.

TICKETS NOW AVAILABLE FOR AG DANCE APRIL 21

Members of the Horticulture club, the Dairy club, the Floriculture club and students in the landscape gardening division are completing plans for their annual dance, April 21, in the Woman's Building.

Tickets are now on sale and may be secured from members of the dance committee, O. K. Loomis '22, chairman, L. J. Blakely '22, H. Fox '23, H. E. Corey, Jr. '23, Dorothy Barnard '23, F. E. Carver of the department of pomology, and C. T. Jessen '23.

NEW GEOLOGY INSTRUCTOR

Harrison Schmitt, who recently received the degree of master of science from the University of Minnesota, has been added to the teaching staff of the department of geology with the rank of instructor. He will teach two sections of elementary geology for the remainder of the semester.

TWO DANCE TICKETS TO BE POSTER PRIZE

Junior Spring Festival Committee Offers Rewards for Best Cardboard Advertising

Two tickets to the junior spring festival, May 12 will be awarded as first prize for the best poster advertising the affair, according to members of the Junior informal committee. The winner of the second prize will receive one ticket to the dance.

Posters are to be on cardboard 24 by 36 inches, and should have the name of the affair, the date, and place of the ticket sale, and the price of the tickets. Tickets will go on sale April 27 at the Union Building at \$1.65 each.

Decoration Plans

Decorations, which will consist of masses of flowers on trellis work and a predominance of balloons, should be suggested in the posters. Plans for requesting women to wear light dresses in keeping with the spirit of the festival, and men to wear white trousers, are under consideration by the committee and the idea may be used on the posters.

All posters must be turned in to

Y.W.C.A. stunt show orchestra practice at 4 o'clock today in Y.W.C.A.

Dairy club meets at 7:15 o'clock tonight in 554 Agriculture Building.

Park Presents

A 100 per cent picture — a picture that is worth going to see

"CARDIGAN" ran at the Capitol, in New York City, broke the house record and the audience cheered for ten minutes on the opening night.

Messmore Kendall presents

CARDIGAN

The First American Historical Production

From the famous novel by ROBERT W. CHAMBERS

Directed by John W. Noble

The romantic story of a youth and a maid drawn by chance into the dramatic struggle for American Independence

American in Theme — Authorship — Production
—Direction—Players—Distribution, Tells
Finest Historical Romance Ever Screened

"Cardigan" is a 100 per cent motion picture plus American in theme — authorship — production — direction — players — distribution. The biggest, finest, ablest, most spectacular American historical romance and drama ever screened on the soil of our country. As big as "Over the Hill," as "Orphans of the Storm," as "Three Musketeers," as "Foolish Wives." Messmore Kendall's tremendous production of Robert W. Chambers' mighty romance "Cardigan" is as BIG AS ALL OF THESE. In these days when film scandal is scaring patrons away "Cardigan" is the wholesome, wonderful picture that every good, clean, right element in every city, town, and village of America will come to see — and like — and talk about — and praise.

WATSON WILL BRING PREP EDITORS HERE

Will Link Up Meeting With Inter-scholastic Week-End

Invitations to high school publication officials of the state to attend a conference here May 18, the Thursday of Inter-scholastic, are being sent out by the department of English.

Elmo S. Watson, instructor in journalism, is in charge of the projected conference, which will be joined with Inter-scholastic.

To Discuss Methods
Discussion of managing and editing methods for high school papers will be taken up at the conference, and it is possible that a permanent confederation of the newspapers may be made.

Students in athletic coaching who are taking Journalism 2 have written news stories on plans for Inter-scholastic to be sent to all the high school papers.

Both student publicists and faculty advisers will be asked to attend the conference.

PITCH FOR STADIUM SEATS APPROVED BY COMMITTEE

Final approval of the proposed pitch for the lower deck of the stadium seats was given by representatives of the Stadium building committee yesterday who visited Champaign to examine the experimental section recently superimposed over the bleachers on Illinois field.

In the party were Edward L. Scheidegger '32, designer of the Municipal Pier in Chicago, Robert G. Holabird '00 of Holabird and Roche, and Fred L. Thompson, chief engineer for the Illinois Central railroad.

The party was accompanied by a sight line expert and in company with Robert G. Zuppke and G. Huff they made a thorough examination of the specimen section. The party returned to Chicago last night.

While in the University Thompson was a member of the baseball team.

Y.W. OFFICERS TAKE CHAIRS IN CEREMONIES TOMORROW

Y. W. C. A. officers for the coming year will be installed in the traditional candle-light ceremony at 4 o'clock tomorrow afternoon.

The new officers are Ruth Butler '23, president; Metta Mitchell '23, vice-president; Isabel Wood '24, secretary; Dorothy Naylor '24, financial secretary; Georgia Hilgard '25, undergraduate field representative.

Marguerite Stuart, central field representative of the Y. W. C. A., Chicago, will speak at the installation on "Convention Issues". Her subject will be concerned with the national Y. W. C. A. convention which will be held April 20-27 at Hot Springs, Ark.

PAN-HELL TAKES ALLEY TITLE FROM PHI KAPPA

Phi Kappa is forced to forfeit its championship to Alpha Gamma Rho in the first division of the inter-fraternity bowling tournament because of scholastic ineligibility to belong to Pan-Hellenic, inter-fraternity society, sponsors of the tournament.

The ruling was passed last night at a meeting of the society, and was brought about through a petition presented by Alpha Gamma Rho suggesting action in the matter.

Competition for the consolation cup between second place holders in each of the three divisions will commence tomorrow night on the Arcade alleys when Phi Sigma Kappa representing the third division, will meet Chi Psi of the second.

STUDENT-MADE ANTIQUE ANDIRONS SELL FOR \$2

Souvenir andirons made in monogram form of the entwined letters, U and I, may be secured for \$2, according to Bruce W. Benedict, superintendent of the shop laboratories.

More than 25 of the andirons, which were made by students in the Foundry, are now available, and 100 more will be made this year.

Receipts for the andirons may be secured at the office of Benedict in the Machine Shop Laboratory and the Foundry will give them out until the present supply is exhausted. The andirons weigh 40 pounds.

Alumni Discuss Name For aqfn In Latest Issue

(By Virginia Paxton)

With his pleasantly informal style, Carl Stephens reviews the basketball banquet, the annual meeting of trustees, and comments on the prospects for new buildings on the campus, for the benefit of the Alumni in the April first issue of the aqfn.

A number of pro-and-con letters from alumni concerning the change of name for the magazine, along with a list of highly original and somewhat humorous suggestions which members of the association have volunteered, seem to leave the final decision for a name hanging in the balance.

Want N. Y. Illini Club

Allan Nevins '12, who is now on the New York Evening Post sent in the suggestion that the "Illinois-literatti," as he calls them, who are at present located in New York City get together and organize.

A list of luncheon dates of the various Illini clubs which are scattered throughout the country has been made for the benefit of the hungry and lonesome Illini wanderer.

Good Pictures

As for pictures, there is an interesting one of the library in the old days, and a series showing the progress of the Beta Theta Pi's from their first home at 411 East John street to their present location.

An article on plans for the Stadium as they now stand, including one by Jack Bell '23, and the Stadium poem by Bliss Seymour '21 complete the issue.

Sidney Wade '21 who has been visiting on the campus for the week-end will return to Buffalo, N. Y., today.

LOCAL TICKET SALE DRAGS AS CHICAGO SUPPLY MELTS

(Continued from Page 1)

diately to L. E. Yeager, 209 South La Salle street, Chicago, for redemption. No tickets sent to Yeager have been returned yet, but they are being collected and filed in the order of their receipt. The entire group of redeemed tickets for Champaign will be mailed the latter part of this week.

Sell at Union Building

Tickets for local performances of the opera will remain on sale from 3 to 5 o'clock in the Union Building until 6 o'clock Friday when they will be taken to the Illinois theatre.

Dress rehearsals of the opera will be held tonight and tomorrow evening at the Illinois theatre.

SHI-AI EXCHANGE DINNERS FOR TONIGHT ANNOUNCED

Shi-Ai exchanges tonight are announced as follows: Kappa Alpha Theta sophomores to Delta Gamma, Alpha Gamma Delta freshmen to Alpha Delta Pi, Pi Beta Phi seniors to Kappa Alpha Theta, Alpha Omicron Pi juniors to Alpha Gamma Delta, Kappa Kappa Gamma sophomores to Pi Beta Phi, Sigma Kappa freshmen to Alpha Omicron Pi, Alpha Xi Delta seniors to Kappa Kappa Gamma, Gamma Phi Beta juniors to Sigma Kappa, Alpha Chi Omega sophomores to Alpha Xi Delta, Alpha Chi Omega freshmen to Gamma Phi Beta, Delta Gamma seniors to Chi Omega, Alpha Delta Pi juniors to Alpha Chi Omega.

BASEBALL PLAYERS PASSED BY ELIGIBILITY COMMITTEE

All members of the baseball squad, with the exception of those who have deficiencies to make up, were passed by the faculty eligibility committee.

in its meeting last night. The meeting was held to scrutinize the status of each man on the squad before the opening of the season.

Jackson, pitcher on last year's squad and mainstay of the squad this season, must pass an examination in T. & A. M. 20 before he can compete in conference games. He will write the examination. The squad will leave for the southern trip at 9 o'clock Friday evening, instead of Friday morning as planned.

SENIOR ILLINAE TO HOLD FIRST MEETING THURSDAY

Senior Illinae will hold their first meeting at 4 o'clock Thursday in Jamieson hall, according to announcement of Anne Williams '22, president.

Plans for a get-together party of all senior women will be proposed, and

the question of a recognition pin for the women of the class will be decided upon.

The officers hope to arouse the interest of the senior women in class functions, and urge all of them to attend the first meeting.

WHITE RECEIVES BUILDING PLANS FOR FARM GROUP

Prof. W. F. Handschin of the department of farm organization and management has submitted the building plans for that department to Prof. J. M. White, supervising architect. The department will be situated in the new agriculture building which will be started this summer and completed within a year.

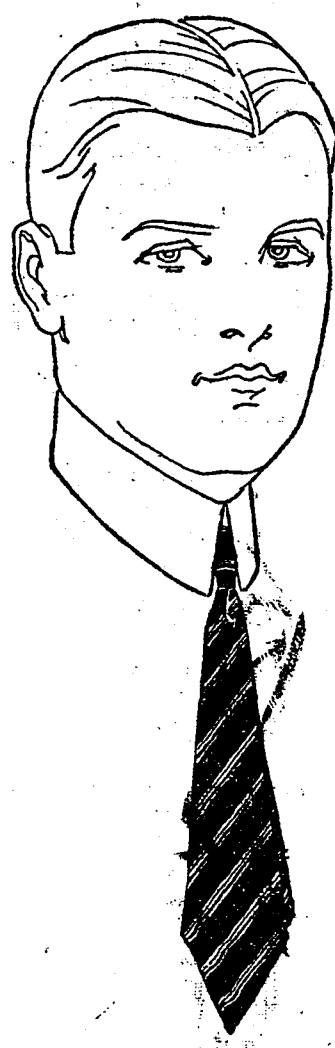

The new building will be located just south of the Observatory and will be the first of the series of the agriculture group to be constructed.

MINE WORKERS AWAIT CALL TO DISCUSS WAGES

Union President Establishes Temporary Offices in New York Pending Outcome

(By Associated Press)
NEW YORK, April 5.—John L. Lewis, president of the United Mine Workers, established temporary strike headquarters in New York today, to await the outcome of the House labor committee's invitation to bituminous coal operators to join the miners in a wage conference in Washington.

Referring to reports that operators of Ohio and Indiana had sent telegrams to Mr. Nolan declining to meet with the miners, Mr. Lewis said, "I have not received any official notification that the operators refused the invitation. I can only reaffirm our willingness to negotiate with them at any time."

"The strike, in both fields, is effective 100 percent and is rapidly being extended into non-union territory," he said.

Present Further Data

Miners delegates to the subcommittee on wage scale negotiation today continued to present data in support of their claims for a 20 percent increase for contract men and a minimum wage of \$5.20 a day for straight time workers.

Phillip Murray, vice-president of the United Mine Workers, who headed the miners section of the subcommittee, offered figures to show that the mortality rate among men was 91 percent higher than in other normal industries of the country. In 1921, he said, there were 541 men killed and 26,000 injured to such an extent that Pennsylvania paid them compensation.

Insurance companies refused to protect an ordinary miner for more than \$250 in case of death, he asserted, and the premium rates are based upon an age 16 years above that of the person insured.

PARADE WILL START CLEAN-UP CAMPAIGN

Opening Of Twin City Drive Wednesday to End Student Yard Cleaning

Six trucks of boy scouts, many automobiles, and slogans contributed by organizations will be the main features of the cleanup parade planned for 4 o'clock Wednesday afternoon, the eve of the cleanup campaign proper.

The parade will, in part, celebrate the completion of the students' part in the campaign and their departure for home. For the next three days the Twin Cities will be given a chance to show their quality.

Work of Captains

On these days the division captains of the drive will act as neighborhood advisers in the problem of putting yards and gardens in shape.

The captains will be on hand to talk over problems of planting trees or shrubs, will see that the city-hired wagons carry away trash, and will explain the sanitary ordinances.

On Friday, April 14, the activities will end in a community inspection, and violations of the ordinances will be reported.

FESTIVAL OFFERS SYMPHONY MEMBERS SPECIAL RATES

Special rates are to be granted to holders of season tickets to the University Symphony course for the Music festival, to be given April 27-29 in connection with the dedication of Smith Music Hall.

The regular price will be \$2.25, but Symphony ticket holders will be charged only \$1 admission. The festival includes the last regular number of the Symphony course, which is a concert by the St. Louis Symphony orchestra.

In order to take advantage of the reduced rates, tickets must be presented at the Bursar's office between April 10 and 15. The general sale opens April 17.

NAVY ACCOUNTANT TO GIVE COMMERCE TALK TONIGHT

Frank E. Webner, certified public accountant, and civilian assistant to the compensation board of the United States navy, Washington, D. C., will speak on "The Factory Executive and His Overhead Cost" at 7 o'clock tonight in 100 Commerce Building. This lecture will constitute one of the talks on "Choosing a Business Career" sponsored by the College of Commerce.

SENSATIONAL PACE SET BY BASKETMEN IN CHICAGO MEET

(By Associated Press)

CHICAGO, April 5.—The opening games in the national interscholastic basketball tournament today were marked by the closeness of the scores and sensational play throughout.

Dazzling speed, accurate passing, and brilliant offensive and defensive work was displayed by all the teams.

Scores Follow

LAZINESS DRAWBACK TO MODERN WOMAN —MRS. SAUNDERS

English Instructor Vaticinates Success, if Feminine Sloth Is Conquered

Success in married life, parenthood and in a career await the woman of today if they will but make themselves 100 percent efficient by overcoming the prevailing feminine habit of laziness and replace minor pleasures and luxuries in the daily curricula by work.

This is the opinion of Mrs. Alta G. Saunders of the department of English, embodied in her talk on "Women From a Professional Viewpoint" yesterday afternoon before Gamma Epsilon Pi, honorary Commerce fraternity for women.

Turning Wage Earner

Mrs. Saunders believes that economic pressure is coercing women to become wage earners. In the present business depression, woman realizes man's difficulty in supporting a family and comes to his aid. Under the circumstances, the quality of a woman's work would in all probability be better than usual. Also the educational opportunities for women to do research work are especially conducive to woman's interest in a career.

"No, the woman of the future will not be the woman idealized in the early English novels—and she will bear little resemblance to the traditionally ideal woman of our grandmother's day," Mrs. Saunders says. She will be a new creature, this professional woman, but a woman with high aims and purposes striving toward an ultimate professional goal.

CLASS OF '23 TO MEET TODAY TO MAKE PLANS FOR ANNUAL MEMORIAL

Discussion of plans for the senior memorial of the class of 1923 will be the principal business at the meeting of the class called by T. F. Casson '23, president, for 4 o'clock today in 100 Commerce Building. It will be decided at the meeting whether the class is to give a single memorial or combine with other classes in the gift.

Reports will be heard from the chairman of the junior informal and senior hat committees. Casson has requested that all juniors be present at the meeting.

Prof. L. E. Card of the department of poetry, will go to Arcola tonight to speak before the agricultural club.

Blair, State Education Head, Makes Plea for Better Teaching Facilities

"I have the greatest opposition for that fatalistic idea that you can do nothing to the nicety of a gnat's heel, namely, the future possibility of the child," said Francis G. Blair, state superintendent of public instruction, when he addressed the six Parent-Teachers' associations of Urbana, at 7:30 o'clock last evening in the Urbana high school auditorium.

He also said, "The parents as a whole, want teachers who will believe in their children and who will sympathize with them. On the other hand, the parents must have faith in and sympathy for the teachers; they should help them to fight their battles." Further, "A human character is as strong as its greatest virtue," Mr. Blair concluded.

Pleads for Education

A musical program was furnished, preceding the address, by Miss Helen Grimes and the fourth grade pupils of the Leal school.

Superintendent Blair also spoke before a meeting of the Urbana association of commerce at their regular weekly luncheon yesterday noon. His subject was on taxes for educational purposes.

Superintendent Blair showed that in

'Fineness of Womanhood,' Dean Mason's Standard in Four Years at University

Clear Insight, Strong Will,
Pervading Character,
Mark Her Equipment

Miss Ruby E. C. Mason

Fineness of womanhood—that is the standard set for 2,000 University women by Miss Ruby E. C. Mason, dean of women, whose emphasis of this quality characterizes her every day labors and aspirations.

Men require strength, women fineness, is Miss Mason's doctrine. Regardless of the woman entering the University, she believes the woman leaving it should have this fineness to stamp her before the world as a product of higher education, and to this end she directs her influence.

Position Important

As dean of women, Miss Mason fills an important place in the University community, and one that does its part in shaping the character of future women leaders of the state. "Clear insight, a strong will to stand by her convictions, and a fine pervading character combined with gentle dignity of bearing are her equipment," according to the tribute of one of her co-workers.

Miss Mason has been dean of women at the University four years, coming at the period when the campus was a war camp and facing the abnormal conditions of the University under military command.

Speaking of the hardships of the problems of those first months, she states "They nevertheless formed one of the happiest years of my life, for the University women who assisted me so loyally and with such splendid responsibility at that

time have given me lasting and pleasant reminiscences of that period."

Believes in Organization

In the space of four years, Miss Mason's personality had invaded all women's activities in the University, and under her leadership scholastic and social standards have been more definitely established.

Miss Mason is a firm believer in

PROGRAMS TO FETE DISTRIBUTED TODAY

Decorations Open To Campus Inspection This Afternoon And Tomorrow

Programs for the Architectural Fete tomorrow night will be given out this afternoon in 408 Engineering Hall by Virginia Gayle '22. Tickets must be shown to get them. In keeping with the general scheme of the fete, a Grecian triumphal pageant, the programs will be in the form of scrolls done in the University colors.

Tickets to the fete are non-transferable, and all persons who are unable to use their tickets must turn them in to O. E. Brunkow '22 by noon today in order to secure a rebate. A careful check of signatures will be made tomorrow night to make certain that only those who were allotted tickets use them.

Decorations for the fete will be finished some time this afternoon, and J. P. Turner '22 has issued an invitation to the public to inspect them. The fourth floor of Engineering Hall where the fete is to be held, will be open this afternoon and until 6 o'clock tomorrow.

WOMEN'S COMMERCE CLUB TO PICK OFFICERS TODAY

Election of officers for the Commerce club for women recently organized at the University will be held at 5 o'clock today in 100 Commerce Building.

Reports concerning candidates for the officers will be made at that time by nominating committee. Frieda Baird '22, temporary chairman, will preside. Dean C. M. Thompson of the College of Commerce will speak.

Lundgren Picks Men Today For Southern Jaunt

Final selection of the squad that will journey south on the southern baseball training trip will be made this afternoon or tomorrow morning. Coach Lundgren will take between 14 and 16 men with him to open the season.

Just how he will proportion his squad is not certain as yet but he is certain to take Dougherty, McCurdy, Hellstrom, Stewart and Vogel. Jackson will accompany the squad if he is eligible at that time and Wally Roettger may go as a pitcher and utility outfield man. Barnes will also accompany the squad.

In the outfield Peden, Reichle and Crossley are certain of berths. The other men will be selected from the squad of likely substitutes which Lundgren has developed. A utility infielder and a second catcher may be necessary and one of the other pitchers will probably go.

MYRTLE AGLE '23 PICKS STUNT SHOW ORCHESTRA

Myrtle Agle, '23, director of the Y.W.C.A. stunt show orchestra for this year has chosen the women who are to play in the orchestra.

They are as follows: Piano, Helen Raloney, '24; violin, Maurine Agle '23, Eureka Eckles '23, Florence Frier '25, Florence Giddenhagen '22, Leona Kohl '24, Ina Rue '24, Norma Sparks '25, Dorothy West '25; flute, Emily Williams '25; saxophone, Dorothy Merker '24, Helen Bessie '25; clarinet, Esther Porterfield '24; cornet, Olive Kolhagen '24, Helen Zlick '25; drums, Esther Daye '22; banjo, Marion McAllie, '22.

DELTA SIGMA RHO PLEDGES SIX; AFFILIATES THREE MEN

Delta Sigma Rho, national honorary forensic society, has announced the pledging of the following six men: Prof. Gordon Watkins of the department of economics, R. C. Hayes '22, Ralph Herzog '22, Donald Killinger '24, E. Olson '24 and J. W. Errant '22.

The society has also accepted the petitions for affiliation from the following three members of Pi Kappa Delta, local debating society of Eureka college: Richard W. Jackson and Russell B. Thomas of Eureka, and the Rev. Carl Wilhelm of Pontiac.

organization, and since she has been dean here, the number of women living in organized houses has increased from 375 to 1,000. It is her hope that some day every University woman will live in an organized house.

Despises "Commonness"

She believes that besides the assistance to the University, organized life increases the loyalty of the woman, gives her a feeling of belongingness after she leaves the University, and above all creates the spirit of cooperation that is so necessary for her in life.

Miss Mason has one chief ambition or objection, and that is "commonness," which she defines as cheapness or vulgarity of any habit or quality.

Product of Canada

Miss Mason was born in Startford, Ontario, Canada, and received her bachelor of art and master of art degrees from the University of Toronto. Study at the Toronto School of Pedagogy and the Chicago College of Law was followed by a year and one-half research in English in universities abroad, at Oxford and at Sorbonne, Paris. She is the only woman in the country with a certificate from Oxford to teach English.

Ward-Belmont and the University of Indiana are where Miss Mason first did her work as dean of women. She came to Illinois from Indiana, where she had served in that capacity for four years. She is a member of Phi Beta Kappa.

ALETHENAI AWARDED ORATORICAL TROPHY

Frances Wine '22 Wins Cup; Gives Reading From "The Little Minister"

Alethenai literary society, represented by Frances Wine '22, won the annual inter-society oratorical contest held last night in Morrow hall. Miss Wine's reading from James Barrie's "The Little Minister" was judged the best of the six, and was awarded the trophy, a circulating cup.

Second place was given to Ruth Horner '23 of Illinois who read a selection from "The Lost Word" by Van Dyke. H. T. McMurray '22, representing Adelphi, gave a reading "B Flat Barto" and was awarded third mention in the contest.

Jamesonian, represented by Grace Mertsy '25, with a selection from Ruskin, Philomathean by W. C. Ray '24 with a reading from an oration on Pompeii, and Gregorian, with Kathryn Potter '23 as representative who gave a part of Van Dyke's "The Other Wise Man," made up the rest of the program.

AGS TO PICK SPEAKERS FOR PURDUE EXCHANGE

Tryouts for technical talks to be presented at the Purdue exchange will be held at the regular meeting of the Agriculture club at 7:15 o'clock tonight in Morrow Hall. From these tryouts and those of last week about ten men will be chosen by faculty judges to give their stunts at Purdue university April 25.

Purdue in turn will send the same number of men here to entertain students in the College of Agriculture.

April Agriculturist Rivals Sister Siren in 'Illini Aggravator' Page

If "the best is not saved for the last" at least originality is saved for the last in the April edition of the Illinois Agriculturist which is out on the campus today. The last four pages are given over to the "Illini Aggravator," a newspaper, in itself, giving every student in the College of Agriculture a chance to contribute short squibs on jokes, marriages of

HOUSE HITS ALIEN DRUG, LIQUOR LAW VIOLATORS IN BILL

(By Associated Press)

WASHINGTON, April 5.—By a vote of more than three to one the House today passed and sent to the Senate a bill authorizing the deportation of aliens convicted in state or federal courts on charges of having violated the narcotic and Volstead act.

A motion to recommit, so that the provision relating to conviction in state courts might be eliminated, was defeated 222 to 73.

Warning was sounded to prohibitionists by many members including Representative Mann, Illinois, that they were going too far, that there was danger of disrupting the whole system of law enforcement and that jurors would be unwilling to convict those who ought to go to jail, if it also meant deportation.

NEW Y. W. OFFICERS TAKE CHAIRS TODAY

Retiring Officials of Turn Over Positions in Traditional Ceremony

Y.W.C.A. officers and cabinets for the coming year will be installed at 4 o'clock this afternoon in the traditional ceremony. The retiring officers will install their successors and the members of first and second cabinets will be installed by Miss Helen McCullough '17.

The retiring officers are Jeanne White '22, Miriam Bales '22, Mary Ruf '23 and Anne Williams '22. The new officers are Ruth Butler '23, Metta Mitchell '23, Isabel Wood '24, Dorothy Naylor '24 and Georgie Hilgard '23.

Cabinet Members

Members of first cabinet to be installed are Louise Denny '23, Del Miller '24, Marguerite Hayes '23, Mona Storm '24, Helen Barrett '24, Lorraine Perrine '23, Mary Ruf '23 and Pauline Tilton '23.

Members of second cabinet to be installed are Ruth Honn '24, Betty Phillips '24, Violet Shaffer '24, Miriam Bebb '25, Helen Bloomer '25, Frances Dolle '23, Gladys Hall '24, Helen Saunders '23, Ruth Spates '25, Jeannette Stevenson '25, Esther Giese '23, Mildred Lantz '23, Helen Rainey '24, Dorothy Noble '24, Melba Wirthlin '24, Cora Miller '24, Eleanor Taylor '24, Ruth Coughlin '23, Alberta Raffle '23, Madeline Wickersham '23, Louise Vandervort '25, Esther Sexauer '23, Helen Hopkins '22, and Gladys Pickett '24.

ZUPPKE BRANDS RUMORS OF INTERSECTIONAL BAN, TWO SPORT RULE FALSE

No action limiting athletes to two sports, and no action against intersectional contests has been passed as yet by the rules committee of the Big Ten, in spite of reports to the contrary, according to Coach Zuppke. Both of these subjects were discussed at the recent meeting but final action on both questions was deferred until June.

Furthermore, reports that the two sport rule, if passed would prevent a student from playing both baseball and football are false. The committee made no definite apportionment of sports, but the rule if passed will combine such sports as baseball and football and prohibit sports coming together such as basketball and football or baseball and football.

STANDARD OIL CANS TIPPED OVER BY PLEA AT CHICAGO

(By Associated Press)
CHICAGO, April 5.—L. R. Flock, superintendent of buildings at the University of Chicago, today issued an appeal to students to discontinue late night studying because the university power plant was running short of coal and might not be able to operate if the present rate of consumption continued. He urged that all studying be done in the daytime.

Many Contributors

The life history of the apple blotch and how it may be controlled is successfully treated in an article by F. F. Guba, graduate assistant in pomology.

Numerous outside contributions characterize this issue: Paul W. Arndt, instructor in vocational agriculture, Murphysville Township high school, reviews the recent state egg laying contest; Albert C. Wilson, chief seed analyst, Springfield, gives some appalling facts on the loss of millions of dollars to farmers on account of weeds and the effect of recent weed laws in the state; John C. Lamb, assistant in soil survey, Newton, tells of recent experiments in the rejuvenation of southern Illinois' "Egypt."

The general trend of many of the articles popularizes the impression that southern Illinois is again "coming into its own" and that one time the desert lands are becoming centers of rich fertility.

RADIO STATION GETS RIGHT TO SCATTER NEWS

University Given U. S. License to Broadcasting Service in 360 Meter Wave Length

The University yesterday received the government license to maintain a radio broadcasting station in connection with the receiving station of the department of electrical engineering, and from 8:30 to 9 o'clock tonight they will send out their first offering of campus news.

The broadcasting service will continue once a week at the same time on Thursday night, and as soon as the supplementary equipment can be installed for the necessary connection to the Auditorium stage, Star Course and University band concerts, symphonies will be broadcasted, the station operating in special sessions where necessary. For the present, short talks by prominent people on the campus and University announcements will constitute the offerings.

Service Requested

Requests have come in to the University authorities from all over the state for broadcasting service. Radio receiving stations have been objects of a popularity wave sweeping the entire country, and in the Twin Cities alone, 200 of these stations operate. All such stations within 300 to 500 miles of the University, and there are thousands of them, will have advantage of the broadcasting service.

The University station has been given the class of WRM, and the service will be broadcasted in 360 metre wave lengths. It will not interfere with the service broadcasted from Westinghouse station in Chicago from 7:30 to 9 o'clock every night, and receiving stations can tune in at will.

Quickens Game Returns

Alumni clubs of the University are being advised by the department of the installation of the broadcasting service and the station call. Quick athletic returns will be flashed out; the University having already been addressed concerning sports service.

The nearest broadcasting station is at Chicago. The University of Wisconsin and University of Minnesota also maintain stations.

ACACIA QUARANTINED FOR SCARLET FEVER

W. A. Gurtler '23, Now at Hospital, Brings Ban On 31 Men

Thirty-one members of the Acacia fraternity, 501 East Daniels street, Champaign, were placed in quarantine at 9 o'clock last night because of the threatened scarlet fever case of W. A. Gurtler '23.

Gurtler was sent to the University hospital yesterday morning for treatment for tonsillitis. Late in the afternoon he developed a rash. He continued to show signs of scarlet fever last evening and the Champaign health authorities decided to quarantine the house and await developments in his case.

It was thought unlikely last night that the fraternity men would be held in long because Gurtler claims that he has had scarlet fever before. It was not ascertained definitely last night whether he has the sickness.

The total in the hospital yesterday was 24, one having come in and one having been released. B. F. Bridges '25 went to his home in Connerville, Ind., for treatment for an infection.

WILLIAM E. WILLIAMS DIES AT CHICAGO HEIGHTS HOME

William E. Williams, father of King Williams '25, died yesterday at his home in Chicago Heights. Mr. Williams, who was 63 years old, was editor and proprietor of the Chicago Heights Star.

King Williams, who is a reporter on The Daily Illini, left for his home yesterday morning.

E. E. SHOW COMBINES FAKE WITH SCIENCE

Exhibit Scheduled for April 20
Will Show 160 Original
Stunts

Electric magic and engineering genius will combine to entertain the campus in the post-Easter holiday jubilee, the Electrical Show, April 20, 21, and 22.

Haunted violins will play without human aid; miniature trains will run at the direction of tiny block signals; typewriters in the Gym Annex will write their message in the Electrical Engineering Laboratory; a great Tesla coil will use its 2,500,000 volts to throw a ten-foot spark in a demonstration of man-made lightning; a mechanical dog will walk, blink its eyes and wag its tail at whistled commands; black, bare skulls will foretell the future and reveal the past; and music from Pittsburgh will sound through the Gym Annex like the Prom orchestra.

To Use 160 Stunts
Like stunts to the number of 160 will make up a three hour program of mystic entertainment, instruction, and laughs.

Publicity for the show will include newspapers, magazines, and moving pictures. Nine hundred news stories to important newspapers in the surrounding states have been sent out, 300 letters have gone to other news sources, and all the technical magazines have been supplied with articles.

Representatives from several moving picture services are expected to film some of the features of the show.

WOMEN BASKETEERS PLAY OFF SEMI-FINALS TONIGHT

Delta Delta Delta will meet McKinley hall in the semi-finals of the inter-sorority basketball tournament at 6:30 o'clock tonight, and Kappa Alpha Theta will meet Delta Zeta at 6:45 o'clock. Miss Verna Brooks and Miss Harriet Brown will referee.

Delta Delta Delta defeated Kappa Kappa Gamma 10 to 8 last night, Kappa Alpha Theta won over Rose Anderson's unit with a score of 31 to 11, and Delta Zeta held Theta Phi Alpha 7 to 6. Gamma Phi Beta forfeited their game to McKinley hall scheduled for last night.

SLAYMAKER '24 ELECTED TO HEAD COACHING CLUB

Harry Slaymaker '24 was unanimously elected president of the coaching club last night at a regular meeting of the organization in the Union Building.

B. M. Franklin '23 was elected vice president. Harry Fortney '24 was elected secretary, and R. L. Springer '25 is the new treasurer. The possibility of holding a coaching club dance in the near future was discussed.

INTRA-MURAL TENNIS MEN MAY SIGN UP AT GYM NOW

Tennis entries for the annual intra-mural tennis tournament scheduled to commence after Easter have opened and students can sign up on the Gym bulletin board.

The tournament will include both single and double matches. Pairing will be made during Easter vacation. Organized houses can enter as many singles or doubles as they wish. Entrance fee will be 50 cents per person.

Graduate Club Party

The members of the Graduate club will hold a party at 8 o'clock Saturday night at the Gamma Alpha house.

Miss Rachel Breathwit of the department of romance languages and R. L. Jenkins of the department of chemistry are in charge of the entertainment which will consist of a reading by Miss Severina Nelson of the department of public speaking and a solo by J. B. Baker, graduate student.

Gamma Phi to Entertain

Gamma Phi Beta will entertain the Howitzer company of the first regiment of infantry of the R. O. T. C. at a party at 4 o'clock this afternoon at the chapter house.

L. F. Foster '23 is student captain of the company.

Cronkhite-Parker

Miss Thelma Cronkhite of Danville, and Earl D. Parker '25, Catlin, were married Monday night in Catlin.

SOUTH AFRICA TOPS FOREIGN GRADE LIST

Canada Second, Japan Third in Report For Last Semester

South Africa, with an average of 4.38 led all foreign countries in the University in scholastic standing last semester, according to a report just issued by Dean E. H. Carnahan, dean of foreign students.

This is the highest average ever attained by a foreign group in the University. China, the leading country for the first semester last year, had 3.611 and Bulgaria, the winner for the second semester, 3.651. This may be explained in part by the fact that there are only four in the South African group, eight in the Bulgarian and 89 in the Chinese.

Other Foreign Groups
Other countries in order of grades are: Canada, with four students, 3.38; Japan, 3.26; India, 3.06; China, 3.03; Philippines 2.96; Bulgaria, 2.81; Mexico, 2.70; Brazil, 2.56; and other nationalities, 2.97.

Woman's Welfare Party

Members of the Woman's Welfare committee entertained in honor of the senior members at dinner from 5 until 8 o'clock last night in the Woman's building. Following the dinner there was a program of entertainment and dancing.

Visits Local Friends

Mrs. George Pierce Baker, of Cambridge, Mass., will visit graduates of Radcliffe in the city this week-end. Mrs. Baker is the wife of Professor Baker, professor of English at Harvard.

Davenport's Entertain

Prof. Eugene Davenport and Mrs. Davenport entertained about eighty friends at a dinner party Tuesday evening in the Woman's Building.

The average grade for all undergraduate foreign students last semester was 3.111. The American male students had 3.17; 3.22 for non-fraternity and 3.12 for fraternity men.

TIME FOR SENIOR ILLINAE MEETING TODAY CHANGED

Senior Illinae will meet at 5 o'clock today in Jamesonian hall, instead of at 4 o'clock as previously announced, to plan their activities for the remainder of the semester.

This is the first meeting to be held, and Anne Williams '22, president, urges that all senior women attend. Arrangements for a get-together party of all senior women will be decided upon, and the question of a recognition pin for women of the class of 1922 will be discussed.

BAKER TO LECTURE ON PANAMA CANAL

Civil Engineering Head Will Discuss Human Side of Huge Engineering Project

Prof. I. O. Baker, acting head of the department of civil engineering, will speak tonight on the Panama Canal before the student branch of the American society of Civil Engineers. The meeting will open at 7 o'clock in 221 Engineering Hall.

Professor Baker will discuss the human side of the project, stressing the sanitary program that made the zone a safe place for white men to live in after yellow fever and malaria had driven out the French, and the general morale of the men which kept the

work going at top speed all the time that the "Big Ditch" was being built. Has Visited Canal.

Professor Baker made a trip to the canal zone in the winter of 1911-12 to inspect the work, which was just being finished at that time. In a recent freshman engineering lecture he told the first year men in civil and municipal and sanitary engineering of some of the technical features of the canal.

URBANA CHAMPAIGN

APACHES SWAMP CHI PHI CAGEMEN FOR I-M TITLE, 50-19

INDEPENDENTS TAKE FLASHY VICTORY BY SUPERB TEAM WORK

Fraternity Five Gives Game Exhibition; Ketzler, Novotny Star For Losing Side

Running wild in the last three quarters, the Apaches overwhelmed the Chi Phi five, 50 to 19, last night in the Gym Annex in the title game of the intra-mural basketball tournament. This is the third consecutive title for the Apaches in the last three intra-mural tournaments.

The scoring started with Novotny's basket, and the whole first quarter was closely fought. The Apaches were ahead 10 to 6 when the first period whistle blew.

Apaches' Passing Superb
In the second quarter, the winners steadily drew away from the tiring fraternity five and began the machine-like passing which resulted in their victory. Chi Phi played a good game but could not cope with the improved work of their opponents.

The good guarding of the Apaches stopped all Chi Phi fingers until late in the third quarter. Ketzler made all his team's points in the second quarter by virtue of free throws. He had a perfect score of seven free throws out of seven chances during the entire contest.

Half time in the contest ended 23 to 11 and this was increased to 40-14 at the close of the third period.

Send in Subs
In the last quarter three Apache substitutes were sent into the fray, adding 10 more points. The Chi Phi forwards broke through during this time and garnered five points.

The play was rough at times, Wilson of Chi Phi being ousted on personals and Sanford of the Apaches and Ketzler of Chi Phi having three each.

Crossley, with nine baskets and four free throws, Gipson, with seven markers, and Pfeiffer, with four baskets, led the independent's scoring.

Ketzler and Novotny were the Chi Phi stars, the former making two baskets and seven free throws.

PHI SIGS DOWN CHI PSIS THREE PIN GAMES IN ROW

Phi Sigma Kappa won all three games in its match with Chi Psi last night on the Arcade alleys in the opening match of the consolation competition.

Phi Sigma Kappa was bowling in good form. As a result of his mark last night of 222, Sutherland, one of Phi Sigma Kappa's consistent pinmen, holds high individual bowl for the tournament. Another record was set by the winning team when it bowled a total of 894 pins for one game. Hellstrom bowled high for Chi Psi landing 181.

The second match of the inter-fraternity championship will be held at 7 o'clock tonight when Alpha Chi Rho meets Theta Delta Chi.

ILLINI SPORT HISTORY

Dr. D. H. Carnahan, dean of foreign students, and member of the faculty eligibility committee must blush every time he declares a man ineligible because of three years of competition. Carnahan played baseball five years according to the record at the Gymnasium. He played in 1891, '92, '93, '95 and '96. That was before the Western conference had framed eligibility rules.

He was also editor of The Daily Illini in 1896, a member of the track team, a member of the senior honor society and tennis champion in 1898.

ICHABOD

The rookie was sad as he started for home

I was awfully good he sighed
But I tried to piffle second base
When it was supposed.

Time was when the college star could not even try out for the big leagues. Now the Giants are carrying 13 college men.

Speaking of college stars, Illinois should have the heaviest hitting college infield in the country this year. McCurdy, Dougherty, Hellstrom, Stewart, and Vogel will work in the inner garden.

Gill plans to wash the dirt of Texas from his feet immediately after the Rice meet. The team will travel to Galveston for a dip in the Atlantic.

Now that Romney is ineligible Chicago will have to depend on Thomas for its gains and also for its publicity.

—THE GLASS EYE.

TODAY'S HAPPY THOUGHT

Two weeks from today we will soak up the sun in the grandstand while Illinois plays Wabash.

INTERSECTIONAL GAMES

(Contrary to belief, the Big Ten did not legislate against intersectional athletics at its recent meeting. A rule was passed relative to summer baseball but the two sport rule and the rule on intersectional games were held for final action in June. Now is the time to thresh out the question of intersectionalism. War Paint will print.)

SIGMA KAPPA, ALPHA XI WIN BOWLING MATCHES

Sigma Kappa defeated Delta Gamma in the inter-sorority bowling tournament last night with a score of 1787 to 1654, and Alpha Xi Delta won over Pi Beta Phi with a 1903 to 1628 score.

Matches scheduled for tomorrow are Delta Gamma and Alpha Delta Pi at 4 o'clock and Pi Beta Phi and Chi Omega at 7 o'clock.

GILLMEN SET FAST CLIPS IN DRILL FOR TRYOUTS SATURDAY

Hull, Hurt Join Squadron Again As Mates Continue Grind For Southern Tour

Illinois runners, in preparing for the tryouts Saturday for the spring southern tour, are tearing off their distances at speedy clips. The Illinois field event athletes, Angier, Osborne, Carlson, Cannon, Whitcomb, Johnson and Kappenmeyer, are showing a rapid improvement.

The Illinois distance runners, McGinnis, Wharton, Wells, Patterson, Swanson, Scott, Kloepper and Captain Howard Yates each day are clipping seconds from their previous day's mark.

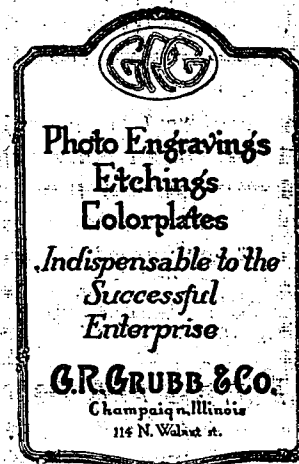

Kink Hull, former Illini broad jumper, has returned to brush the outdoor cinders and make his best efforts in the leaping event. Eddie Hurt is again after the hurdles and by his increase

in form over the low barriers, it would not be at all surprising to see him come through with some speedy hurdling this season.

Hurdlers Promising
Pitch Johnson and H. Smith Wallace are the two Indian hurdlers with the most promise of points on the southern jaunt, for they are doing the most consistent work over the barriers. Bob Ayres will take a large part of his responsibility in the dashes and as third runner on the one mile relay team.

Rice Institute, the team Illinois meets a week from Saturday in Houston, Tex., last week defeated the strong Baylor aggregation 63 to 54, but the performances were not equal to that which the Illini have been making.

Rice Institute Records
Goss of Rice Institute copped the century in 10.1-10 seconds, defeating mark of 10 feet 3 inches as only fair.

The Cleanup and Vacation

Although the regular clean-up week has been set next week for the Twin Cities, it may be well for students to plan to work Saturday of this week. The first three days of next week will be taken up, at least in part with committee meetings, and with planning for the campaign. Students will leave for the Easter vacation Thursday, and there will be too few left to do the campaign justice. What is not done this week-end may have to wait, and after the majority of the homes in the Twin Cities have been cleaned up, those that have been missed because of the vacation will not show up at all well.

Many organized houses in the University district have anticipated the campaign, and now have their lawns in excellent condition for the April showers. Within the last two weeks, the work of students has brought a revelation in what the student rooming houses can be made to look like. Even the older houses have been made to shine like gems because of the care that has been devoted to improving their surroundings.

Perhaps some of the slower to swing in the clean-up campaign will be the rooming houses operated by tight-pocketed landladies of student rooming houses. Some, who are interested in what they can make out of it, with the aesthetic and sanitary senses of the community be hanged, will be slow at cleaning up the winter's trash, and at preparing their buildings for the spring season. The student roomers can bring pressure on their landladies and induce them to fall in line. Some students have helped out the situation by offering to work for the rooming-house keepers at so much per hour. This plan benefits both students and house-keepers. The students spend a little time out of doors, earn a little money, and enjoy the results of the cleaning. The landladies have their premises brightened up by available helpers at a reasonable cost, and the students will take a pride in their work.

Planting shrubbery has proved to be one of the most effective means of improving the appearance of lawns. Most of the students are renters and here for only a few years, but the cost of putting out a few shrubs is insignificant in comparison to the pleasure they will return in a short time.

An early start will but show the residents of the Twin Cities what they may be expected to do next week. The University district ought to set the example. Saturday is the day.

Honors Won in College

A great deal has been said about the student who makes a great collection of college honors during his course of study, but very little has been said about the student who may be doing just as much although never in such a way that he is given public recognition.

Student activities require unlimited time, and it is the man who is dependable and unsparring of energy who wins university honors. Every one who has kept in close touch with student activities knows many examples where regularity of attendance and reliability have defeated fitful brilliance. Student positions are won by the plodders—not by the sky-rockets.

But are there not hundreds of stu-

dents who cannot afford to devote the required allowance of time to student activities? There are men and women who must pay a large part of the expenses, or who must spend extra hours of study in order to make creditable grades, or who have social obligations which they cannot sacrifice, or who must take regular exercise to keep their health, or who have handicaps which bar them in one way or another. May not these students be doing just as much although they receive no honors?

We all know of students who go through the University as friends of all they meet. They seem to devote their lives towards making things cheery about them. They never try for competitive positions, and they never seek University honors. But they are honored often even more than the man who has devoted two or more years toward making his name a watchword of the campus.

In consideration of the number of students who will not sacrifice the time which activities require, or who have not this time to sacrifice, there is strong reason to question whether college honors really mean as much as many would have them mean? If those who are kept from competing were permitted to enter the race, there might be a great many mediocre students sitting on the activity sidelines.

"Two hundred forty-one convicts are enrolled in the University of California for special work." "Prominent actor states that convicts have keen appreciation of humor." "Prisoners play baseball each afternoon." It looks as though the state is beginning to reward criminals instead of punishing them. Oh, of course the state ought to "build better citizens" but there's a limit.

"It always has been so" but we wonder why it is that the bell system of the University should be tested out at 7:30 o'clock every evening, just when it will break in on every lecture, every concert, every meeting on week-days. Can't the bells be tested half an hour earlier, so that the jangle will disturb no one?

And still we have the opaque doors to University Hall tunnel. Perhaps, after fourteen more pairs of glasses have been broken, three students sent to the hospital, and some one connected with the architect's office has his teeth knocked out we will have windows put in.

"Speaking of all-around athletes," suggested the Walrus as he dropped in for his blismarcks and coffee, "why not award a championship to the high man in a tournament composed of, say, horseshoe pitching, dancing, chess, smoke-ring-blowing, and yodeling?"

A senior memorial fund extending over a series of years will do a great deal more to perpetuate the name and gratitude of a single class than some tomb-stone planted in the campus to crowd out the shrubbery.

It's a matter worth investigating, but we have failed to meet a journalist in the University who has time to play golf.

It's getting pretty late in the year for a man to join the Union in order to become a candidate in the spring elections.

Others' Opinions

House Dance "Imports."

Editor Illini: Most of the time your Others' Opinions column is devoted to many interests. Will you use its space for once for a woman's opinion, and for the working off of steam accumulated by a week's thought on a "pet peeve?"

Why is an import? Last week I attended a fraternity dance where at least half of the girls were "imports." The men who brought them, to a great extent were men who had been going to sorority dances and who had been going with girls here. Is that fair? To my mind a man, or a woman should not go to dances with those they don't care enough for to invite to their dance.

I believe that the men don't, as a rule, care more for the girl from outside the university district, it is simply that they like the idea of bringing in a "different" girl—one not of the community. But is that fair to the university girls? We too can have the home town boys down for our dances—and let the university men stay at home. From a feminine standpoint the imports are not prettier, better dressed, more lady-like than we co-ed; but, perhaps I am prejudiced.

I am no oracle, but I am predicting that those fraternities that run to the import industry are going to have to specialize in it in the future, and will find the native market rather hard to develop in the periods between dances.

CO-EDNA '23.

An Object Lesson for the Union

Editor Illini: The operation of the departments of the new unit system present an object lesson which the Union can well afford to copy in all its activities. These departments of the central committee now number in their membership 50 workers. More are being added each week.

The fundamental features of their operation are that they are open to any one who wishes to serve in them and that staff members are promoted on the basis of service and ability. They are already proving themselves of great value to the units enabling them to make purchases of materials at reduced cost due to the advantages of buying in big lots. Each department also relays good ideas developed in various of the clans to all clans. The departments distribute information concerning intra-mural contests, interscholastic, and other matters of immediate interest which pertain to the groups.

There is no real reason why practically all the Union activities can not be conducted on the same principle. It is apparent now that these central service departments of the unit system can serve the fraternities as well as the clans; perhaps not to so great degree but certainly in many ways. It means that the committee system would have to be abolished. There are few who would weep for it.

H. S. R.

Students, Faculty, Friends

Editor Illini: "The gap between the student body and the faculty" I read at the end of Mr. Metcalf's opinion in Wednesday's Illini. There are teachers who have never felt the gap and that is why they like it at Illinois. Just the other day I asked a teacher how he liked it here and he said, "I haven't had time to meet many people, but my students are my friends. No I don't see them out of class but I enjoy them in class."

I should like to pay tribute to the Illinois spirit which carries a class and teacher together through many days of work. Take a class of thirty-five freshmen. They do not know the men who sit next to them and yet within a week or so they are a howling, loyal unit. They are merciful, long-suffering and they carry a teacher on to do his best, with their enthusiasm. I don't know of any thrill like that of entering a class room. "My friends are waiting for me" any teacher might say to himself. Isn't it an inspiration and a comfort to have say one hundred and fifty friends wait for you at some time every week?

A miracle somehow has happened: the teacher's desk does not represent a gap or trench between opposing forces; it unites friends.

A NEW PEDAGOG.

Honor and Trust

Editor Illini: While looking through the Illini Wednesday morning, I was much surprised to notice in "Others' Opinions" an answer to my little contribution to that column on Tuesday morning. I believe that the great majority of readers understood the thought I conveyed without much difficulty, though there are always some people, who by some highly intellectual, keen, insight, manage to derive a widely perverted meaning from anything, at all readable. Such people cause much trouble in this world.

The way some instructors act toward the individuals of their classes will cause a widely different campaign to be thrust upon the student body, namely, "We do not Care to Know Our Prof, We See Enough of Him in the Class-room." Is not the assignment of a report on a moving picture, so as "to be sure no member of the class goes to sleep," a good talking point to support such a campaign? If such little, aggravating jabs, from the "men who know," were dispensed with, the wide gap, now present between students and faculty members, would be obliterated in double-quick time.

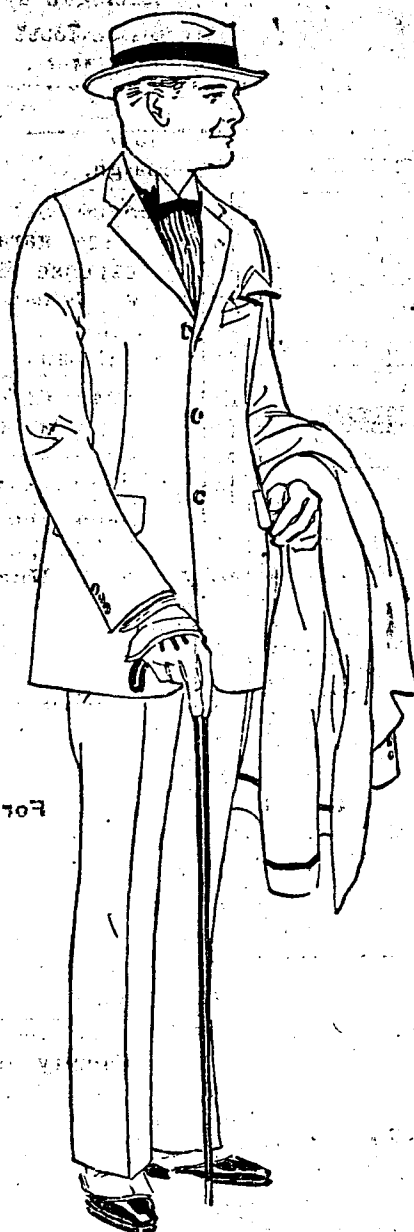

STILL A DOUBTED JUNIOR.

Freshman Women Admitted

Editor Illini: In Tuesday's Illini, under "Others' Opinions", there appeared a letter entitled "Admit Freshmen Women". The writer has either been misinformed as to the purposes and provisions of the new Commerce club for women, or has received a mistaken impression of them which I wish to correct.

The constitution, as submitted and approved at the last meeting of the club, provides that all members of the senior, junior and sophomore classes are eligible to full membership, and all freshman women are associate members. As associate members they are not only welcome, but are urged to attend all meetings, and will receive all the benefits and privileges of the upperclassmen with the exception of voting and holding office. Since they are not permitted to vote, neither are they required to pay dues. I am sure that the freshmen will appreciate why the direction of the club is thus placed in the hands of the upperclassmen.

RUTH A. BROWN '23.

Ask Zom to show you the "Bierce"

IT'S the newest Stratford model—new in style and fabric—full of distinction and character.

It will appeal to the University man who wants a suit with sufficient dignity to wear anywhere—yet it is emphatically a young man's garment.

It is made from attractively patterned all wool fabrics in a variety of colors.

It has behind it the guarantee of Zom. He knows it will wear.

Considering its high quality, it is most reasonably priced. Some suits of this model are

A Winning Policy

Everybody likes a winner.

When Miss Helen Crosby assumed the management of the Illinois Union Cafeteria we asked her what function she believed our enterprize ought to fill.

"Give the students the best possible food, the greatest possible variety at the lowest possible prices," was her answer.

This is the policy we adopted, and this for us has been a winning policy.

MISSION INTERVIEWS END AT FOUNDATION

Christian Workers see 260 Students in Third Annual Conference

The Third Recruiting conference came to an end yesterday evening after approximately 260 students had interviewed the prominent religious workers brought in from abroad by the Christian association to acquaint the students with Christian life work at home and in foreign fields. The interviews were held at the Wesley Foundation.

"American missionaries have nothing to fear in the way of violence from the Chinese, for Americans are today the most highly respected people in China," Dr. L. F. Heimbürger, medical missionary to China for eight years declares. Dr. Heimbürger attended the conference and interviewed students in regard to missionary work in the Orient.

Need Christian Workers
"There is a crying need for Christian workers in almost every department in Africa," H. M. Howard, principal of Mt. Zion Seminary at Mt. Zion, Ga., asserts. Mr. Howard was engaged in educational work in Rhodesia, Africa, from 1909 to 1919, when he had charge of a landed estate of 18,000 acres owned by the Methodist Episcopal church upon which natives were quartered.

"It is difficult to register upon primitive man with book learning and so we decided to establish agricultural farms as the proper approach to the native," Mr. Howard said.

GAMMA PI ALPHA RECEIVES NATIONAL CHARTER RIGHTS

Gamma Pi Alpha, honorary women's agricultural sorority, has been incorporated nationally and has received a charter giving the right to organize chapters in other state universities or colleges that have a similar curriculum in agriculture, according to Ruth Van Deventer '22, secretary.

Membership is based on scholastic standing and professional attitude towards work in general agriculture.

landscape, floriculture or agricultural education.

MRS. W. F. YOUNG TO TALK AT TEACHER'S CONFERENCE

Mrs. W. F. Young, of Chicago, state president of the Parent-Teacher's association, is attending a district conference of the association in the Twin Cities.

She will speak at a meeting of the conference this afternoon in the Champaign high school on the work that the association is doing. She spoke on the same subject at a meeting at the Thornburn school yesterday afternoon. Mrs. Young is the mother of W. F. Young ex-'23 who was a reporter on The Daily Illini last year.

PHYSIOLOGISTS WRITE PAPER

"An Explanation For the Increase in Oxidation Brought About by Muscular Work," is the title of a paper by W. E. Burge and J. M. Leichsenring of the department of physiology which appears in the current issue of the American Journal of Physiology.

"Selling Yourself"

Mr. J. J. Munsell, who was chairman of the Stadium Committee that raised over \$500,000.00 in Columbus alone for that magnificent structure now being built at the Ohio State University, was for several years manager of the department at the National Cash Register Company, Dayton, Ohio, known at that time as the Employment, Promotion and Discharge Department.

Mr. Munsell was personally responsible for the promotion of M. J. H. Barringer, Vice-president and General Manager of the National Cash Register Company, from a humble clerical position to the position in the executive offices that proved a stepping stone to his present high position.

The numerous requests Mr. Munsell receives for advice and suggestions about the proper way to sell yourself, or to make application for a job and what to do when once you get it, led him to put the fund of information he has into booklet form. Any young man or woman expecting to, at some time, enter the business world should read this booklet. "The earlier in life you read it the better, it is information of value to anyone regardless of age."

The following is an extract from a letter written by President W. O. Thompson of the Ohio State University:

"One reads the pages with the feeling that here is a man in sympathy with young men, speaking plainly and truthfully to them about matters vital to their success and happiness in making their careers. The tone of the book is wholesome throughout. (Cut this out as a reminder to order 'Selling Yourself'.")

Enclose either a \$1.00 bill or money order with your mailing address, and send same to J. J. Munsell, 11 East Rich street, Columbus, Ohio.

FOUNDED 1879

"Miss Saratoga" Tailored Middy Suits and Blouses

Note these points of superiority:
Full blouse sleeve, the same as in the U. S. Navy regulation sleeve permitting free movement of the arms.
Deep rolled collars instead of flat tailored collars.

Silk emblem and hand embroidered stars, crow feet and cuff and yoke closings instead of cheap pearl buttons.
Trim, tight fitting hip lines as worn in the navy.
Distinctive fabrics of silk and linen in smart models and colors and check designs.

Such refinements have won for "Miss Saratoga" Middies the endorsement of fashionable schools where the wearing of an ordinary middy would be a breach of good form.

"Miss Saratoga" Middy Suits \$12.00 to \$22.50

SWEATERS

The Navajo in striking plaids and geometric designs bizarrely colored. You will like them for sport wear.

Silk Slipons in all the new bright spring shades, some with fringe adornment. Their usefulness and charm makes them indispensable.

Upwards from \$4.98

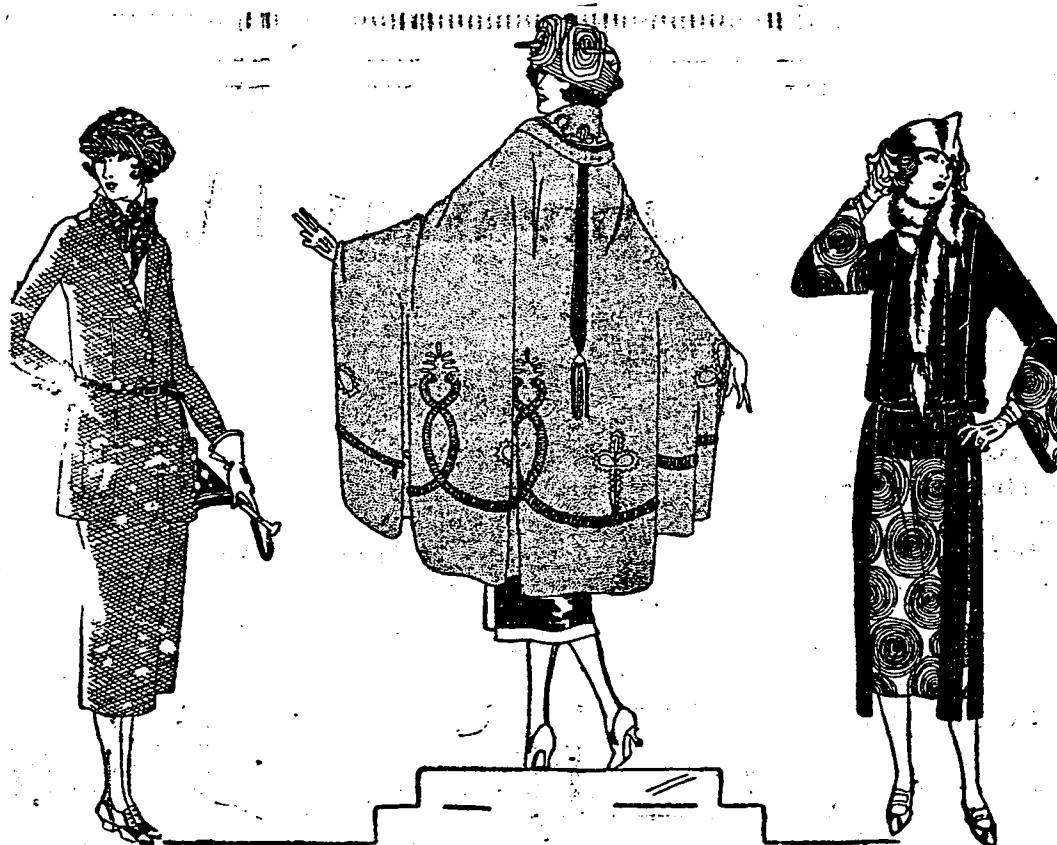

Highest Quality Easter Suits

These are in the very highest quality fabrics, either Forstman & Huffman's or Reid's Tricotine. They are strictly tailored and can not be surpassed in elegance, style, fabric or tailoring.

\$82.50.
If you want a suit that is the acme of perfection, this should be your selection.

CHURCH AND RANDOLPH
Everybody's Store

Easter Wraps and Coats Dress and Sport Coats at reduced prices

Right now before Easter we are going to offer you our entire line of high class sport wear coats at reduced prices. These are straight line and belted models, the season's newest. They are in Camels Hair, Polo Cloth, Herringbone and Tweed.

\$18.00 Coats . . \$14.75
\$25.00 Coats . . \$19.75
\$27.50 Coats . . \$21.75

\$42.50—100 per cent Camel Hair Coats—The All Purpose Coat for \$32.50. These are all actual reductions from our original close prices.

All our Dress Coats priced at an actual saving of 10 to 25%

These Dress Coats are in the darker shades of Duvelyn, Cashmerine, Shawheen, Normandy, Tricotine, Poirer Twill, Veldyn, and Twill Cord, beautifully tailored.

"And then I went to 'Robeson's' and Found just what I wanted"

FUR CHOKERS

That little accessory of dress that adds so much when wearing the spring suit. They are in one and two piece skins.

Northern Mink Calinsky
Liberty Fitch Stone Martin
Natural Martin O'Possum

\$5.50 to \$35.00

Women's Tailored Silk Shirts

A garment distinctly new, made by the Sauquoit Shirt Co. They are in White Jersey Silk and Pongee, with neat tailored collars and French cuffs.

These are indispensable for wear with your knicker suit. You will want one or more of these.

\$5.00 and \$10.00

EASTER BLOUSES

How important is the Blouse? Where your suit jacket ends it takes up the task of attractively costuming you.

Beaded Blouses, Crepe de Chine and Georgette Blouses. Wonderful in style and color.

\$5.00 to \$8.00

Five Hundred SILK DRESSES for Your Selection

The popular taffeta of course and the Crepe de Chine, Georgette Crepe, Rossanere, and Crepe back satin.

They are in the season's most beautiful shades and colorful modes, with many of course in the conservative shades.

\$11.98 and upward.

The Vogue in SKIRTS

No article of feminine apparel serves so many practical purposes nor lends itself to so many charming costume arrangements as the separate skirt. Stock embrace a wide assortment of styles new and distinctive in colorful new fabrics of both silk and wool.

Lingerie

Easter is one time surely when every woman and Miss wants pretty new underthings to wear with all her other new togs and give her that secret satisfaction that her costume is entirely new and attractive down to the smallest detail.

Crepe de Chine — Silk — Pongee — Batiste are all especially lovely for spring.

Easter Millinery

Those beautiful dress hats developed in black in so many charming shapes. A visit to our millinery department is asked. We know you will be delighted.

Van Raalte Hosette

These are in gray, nude black and white, with elastic glove silk tops. Van Raalte's latest creation for those who "roll their own."

\$2.25.

I HATE A FRILL LIKE THAT
I don't mind the frill who eats and
never ceases;
Those who order ham and coffee I
adore.

I just love to spend my money,
On the girl who says I'm funny,
When down in her heart she murmurs
"What a bore!"

But there is one girl makes me want
to rave forever—
When the waiter comes she loses my
regard;
She contemplates each figure
And she smiles as they get bigger,
Then she orders from the right side
of the card.

—BIG BEN.

OF ALL THINGS

Dear Larry: Proof reading a fresh-
man theme the other day I was struck
by the similarity of its craftsmanship
to that of the old story:

"Say, you know Johnny Smith's
neck?"

"Yeah."

"Well he fell in the creek up to
it!"

But what I started to say was that
personally I like a girl's lips best when
they're tangible—but there's no ac-
counting for taste, as the old lady said
when she kissed the cow.

—The Worm.

THAT DEPLETED FEELING

Only today it was that Sir Larson
of the Hist. Dept. was telling us that
in the middle ages there had been many
a hot argument as to whether angels
had stomachs or not. I don't know
what was decided, but I DO know an
angel who has one. As a result I am
living on popcorn this week.

PLANK! PLANK! CLUNK!

On quiet Sunday afternoon
When, me, I try to bone,
No can do much wiz, calc for soon
Ze sacre chime, he sonne.
He chant ze Annie Laurie,
An beaucoups more also,
I like heem not, ze calc,—me;
But chime is worse I know.

You see I live right cross ze rue
In gran Illini Hall.
We boys like study same like you
When cannot play baseball,
An Sunday eef we have no date
Ze study we mus do,—
Sacre chime!—We stay up late.
Would you not hate heem too?

—Blagueur.

ANY BODY WANT TO HIRE A
GOOD PRESS AGENT?

(From the "Bayonne (N. J.) Times")
On April 7, "Spanish Night," at the
University of Illinois, Samuel Levy of
this city will take a leading part
in the play "De Pequeñas Cosas."

The Spanish department of the uni-
versity has picked the most talented
members in the course to take part
at the annual Spanish Night produc-
tion. Last year Mr. Levy was honor-
ed by being chosen as the leading ac-
tor in the play "Zaraqueta."

Levy recently captured first prize
for scholarship in the School of Ath-
letic Coaching. He is a contributing
editor to the leading athletic journal
of the University of Illinois.

(Nashville (Ill.) Journal)

Word has been received that Ralph
Leseman has been elected to mem-
bership by the University of Illinois chap-
ter of Phi Beta Kappa. Ralph is one
of twenty-seven in a class of over
twenty hundred.

DIARY OF A LITTERATUS

April 4—Up and to the professors
but in the afternoon read "A College
Anthology" containing many ambi-
tious verses, mainly silly, notably one
by E. Watson, the Journalist. But
none so good as those by Tukulti-Nin-
ib in the Scout. Argued with a Fresh-
man concerning his theme, he saying
I know nothing and I admitting it,
but asserting the inalienable right of
any man to criticize. In the evening
with pleasant expectations to hear S.
Sherman read from "Contemporary
Poetry" but disappointed, inasmuch as
in choosing poems for this reading he
hath looked not for the best in con-
temporary poetry but for the worse.

—Shimshin Hagibor.

To which I, Larry, wish to append
the opinion that Brutus never plan-
ned the little episode with Caesar with
more deliberation than S.P.S. planned
his little thrust at contemporary poet-
ry in the English reading the other
night. Oh, well, Shimshin, let us not
weep, but with steadfast purpose re-
serve all the easily refutable argu-
ments in favor of contemporary poet-
ry until such a time as perhaps the
yoke of dogma will chafe other necks;
and when the comrades gather in
great overpowering numbers we shall
march onto the great stage and estab-
lish our right to freedom from criti-
cism of the sort that assails moth-eaten,
long decadent touchstones, that we
may be judged upon merit alone and
not on burned out, preconceived stan-
dards; new standards, Shim, new
standards. Bring on the red fire!

TODAY'S LAST LINE

We, having said enough for the
present, will retire to meditate on the
prospects immediately portending.

—L.

The Greater W. Lewis & Co. Store

Easter Apparel

Dresses - Coats - Suits

At These Popular Prices Which Are
The Talk of This Community

Our buyer just returned again last week from New York where he went to get the very LAST MINUTE fashions for our customers, who are selecting Easter Apparel now. The splendid assortments (the largest we have ever shown) and the exceptional values made possible by fortunate special purchases makes most interesting selections for this week end.

Dresses

At \$12.50 — \$25 — \$29.50 — \$39 — you have a choice of lovely fashions in taffeta silks, canton crepe and Drappella and other distinctive materials. They're individual styles, hundreds of them and featuring the most beautiful silk embroidery and other trimming and the smartness and variety of the sleeve fashions make these wonderful values.

Coats

Plenty of those smart little sport coats of polo cloth, camel hair and tweeds at \$18.75 and \$21.95. And in the more fancy wrappy coats you'll find the most original and newest fashions for as low as \$29.75 and up to \$99 for the most beautiful and exclusive product of the designers art. You'll need a wrap for Easter.

Suits

At \$18.75 — \$25 — \$29.50 — \$39 and \$49 there are the greatest suit values and fashions ever shown in Champaign and the tremendous number we have sold this season proves the popularity of W. Lewis & Co. styles. There are tweeds and beautiful tricotines and Poiret twills most elaborately designed and embroidered and finished. Silk linings of high quality, even in the \$18.75 models that have been sewed in by hand.

TWEED

Suits for Men

\$25 \$27.50 \$35
\$40 and \$45

Tweeds are mighty popular—they're popular not only because they're fashionable but there is not another fabric from which a man can get such service and satisfaction as he can from tweeds.

The newest tweed mixtures including the distinctive Donegal tweeds. Smartly tailored, pleated belted backs, large pockets and fastening with distinctive leather buttons.

Great values for these popular prices.

Tomorrow and Saturday is the ideal time to make selection.

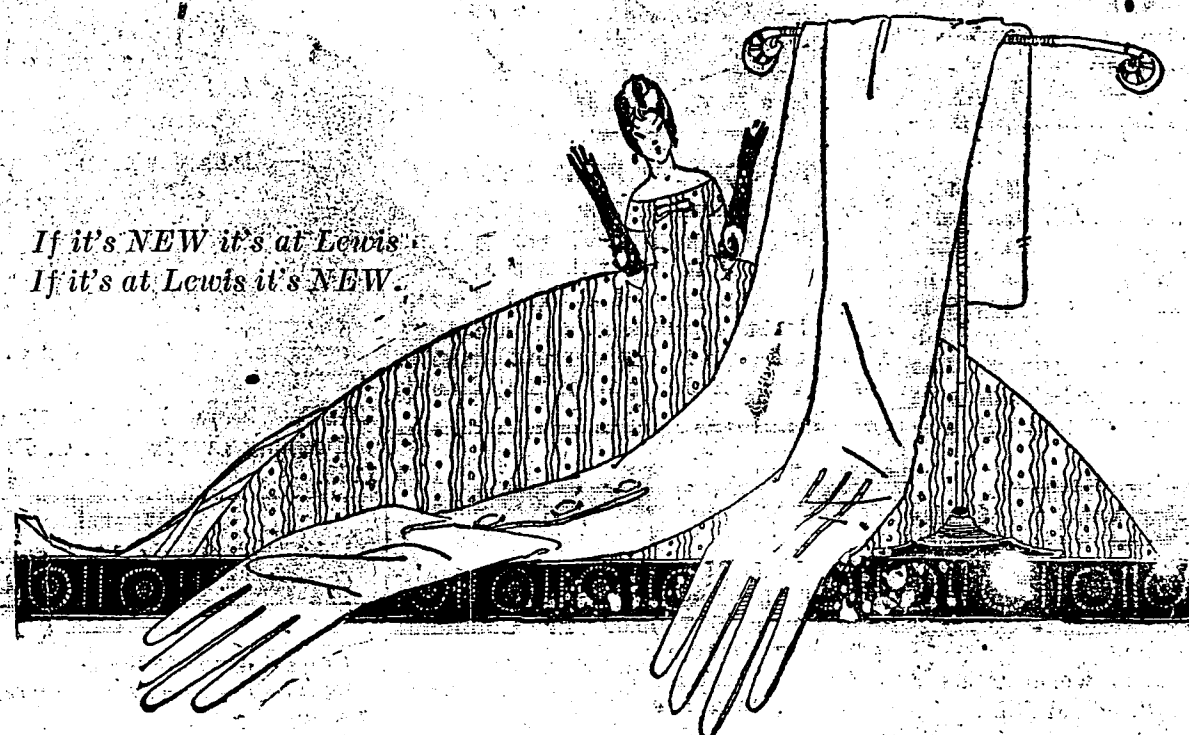

The New Tweed Caps

The smartest and newest styles in men's caps to match and harmonize with the new tweed suits. In the assortments we are showing are some distinctive ideas in KNOX caps.

Good selections right now.

FITFORM

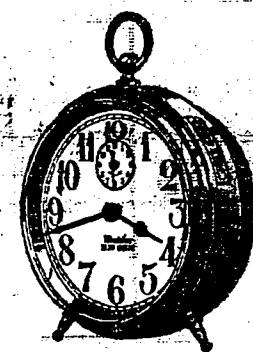

If it's NEW it's at Lewis
If it's at Lewis it's NEW.

8 and 12 Button Gloves, of Real French Kid (Not Cheap) (Lambskin)

\$2.95 a pair

The Quantity is Limited, Come Early

Women's long French KID gloves in both 8 and 12 button lengths; choice of brown, black, tan, beige, mode and white and while this advertisement is being written there are all sizes but we would advise early selection as the values are so exceptional we do not anticipate they'll last long.

BIG BEN \$2.95

Not the Big Ben of Scout column fame, for
we would hesitate to put a value on him—
but a genuine Big Ben alarm clock.

A special fortunate purchase from a wholesale jew-
eler enables us to offer genuine Big Ben alarm clocks,
all perfect, at such a reduced price as \$2.95.
Get a Big Ben and make that 8 o'clock easily.

Electric Curling Iron

\$3.75

An exceptional value for it is not
often that an electric curling iron can
be bought for \$3.75. Heavy nickel
plated, black cord and spring detach-
able plug.

It is not only a hair curler but
they're used in a most practical man-
ner as hair dryers.

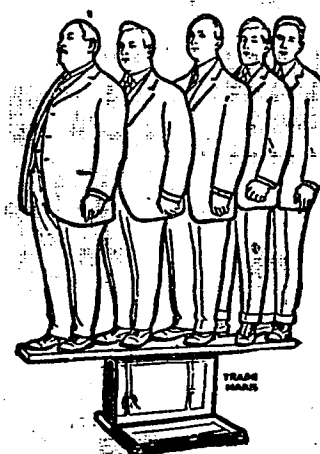

And the new electric stoves and grills
are just the sort of useful article for
university women. Many are cooking
breakfast and supper on them.

Easter Footwear Black Patent and Light Grey Suede

It's VERY New

This smart new Easter footwear
model has a patent leather vamp in
glossy black patent leather with sides
and back of beautiful light grey
suede. The popular new low heel is
covered with light grey suede, too.

A dainty little silver finish buckle
fastens the one wide strap going over
the instep. It's new and smart and
only \$7.50, all sizes and widths.

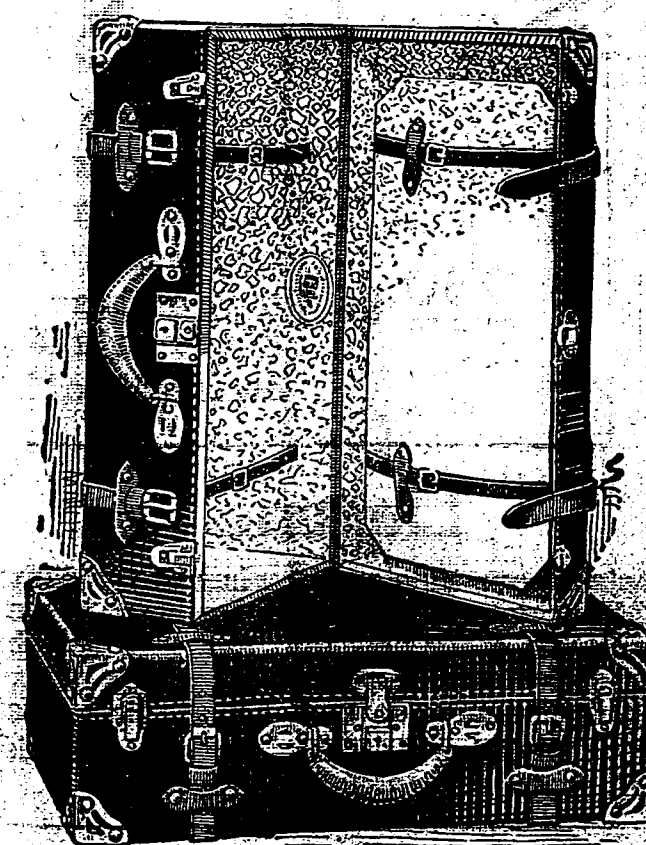

"Five Big Men On A Samson Chest" Yo-Ho And it holds 'em all

This is the sort of suit case that
every student should own, it is guar-
anteed — it is the only suit case we
know of that will sustain the tremen-
dous weight that would break down
the frame of an ordinary suit case.

It's a great value for \$4.95, comes
in tan or black, metal bound corners,
two strong straps go entirely round
the case, two strong clamps, all trim-
mings and hardware are of brass.

Come in and stand on this case
—it will hold you up easily—and if it
will hold you up when you stand on
it, you can be assured that it will
give you greater service than any
case you ever bought.

CONCRETE STRENGTH REVEALED IN TESTS

**Richart Proves Heavier Loads
Than Law Allows Are
Safe**

That reinforced concrete will bear much larger loads than are allowed by the existing building codes of various engineering societies has been disclosed by a series of tests made in the concrete laboratory in the Ceramics Building by Prof. F. E. Richart, R. L. Brown and S. Uchimura of the department of theoretical and applied mechanics.

The tests were a continuation of an investigation carried on for several years by Prof. A. N. Talbot, acting head of the department, and are of special interest to engineers at this time because an increase in allowable loads on reinforced concrete is now being debated.

Withstand Heavy Loads

The beams, which were two feet deep, ten feet long and weighed more than a ton each, were heavily reinforced. More than 10,000 readings of deflections, strains and loads were taken during the test.

Even greater loads were withstood than were calculated at the commencement of the test. At that time a load of 200,000 pounds was fixed as a maximum, but during the test some of the eighteen beams held loads of 260,000 before breaking.

BARRY IN 'SCHOOL DAYS' TO APPEAR AT ORPHEUM

Wesley Barry will feature the program of the Orpheum starting today under the new policy of showing a feature picture with three acts of vaudeville. Gus Edwards' "School Days" will be the young screen star's vehicle. The picture is said to be of universal appeal with its portrayal of the pranks and experiences of a youngster in grammar school.

"The Old Family Tintype" a novelty comedy and song patter act will be presented by Chick York and Rose King.

Ralph Dunbar's "Tennessee Tea" present their musical skit, "Plantation Days" showing the wide versatility of the colored performers.

Edah Delbridge and Tobe Gremmer in "Song and Story" tell a number of comedy stories and sing popular songs.

WESLEY BARRY IN 'PENROD' STARTS AT VIRGINIA TODAY

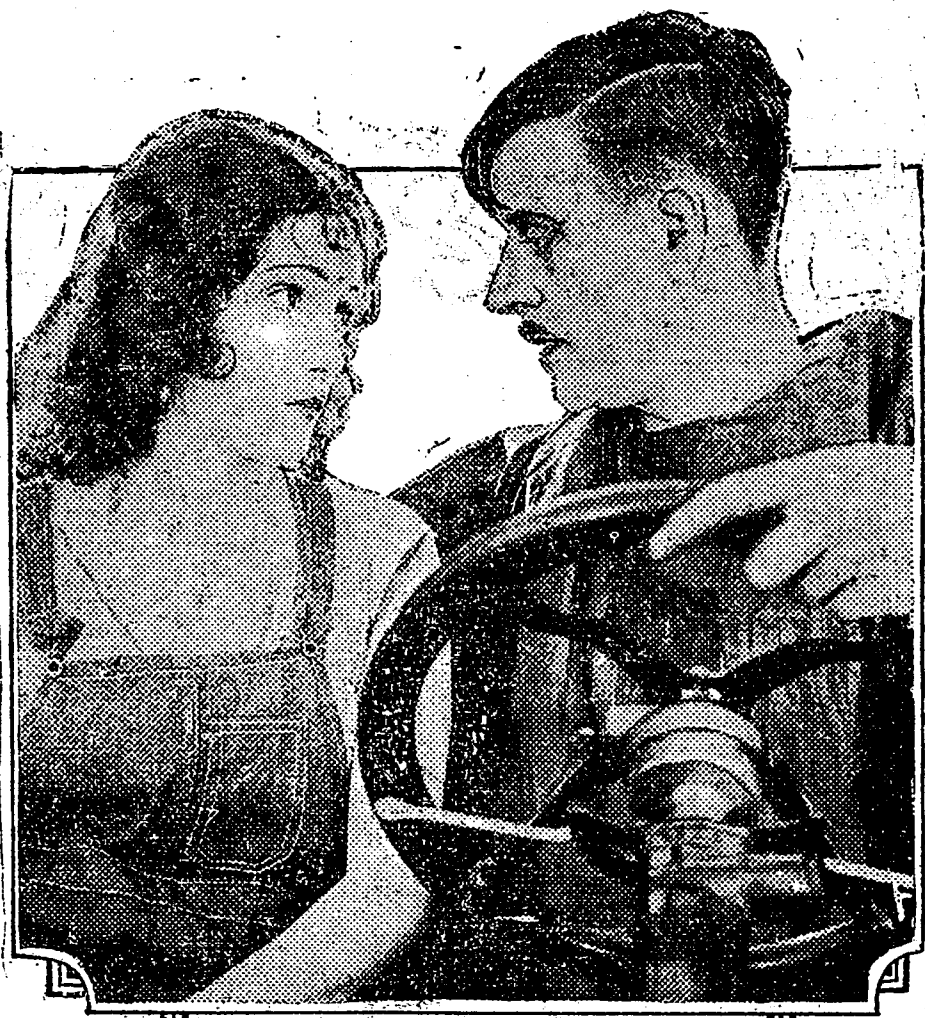

The growing boy, imp of the family, ruin of the family name and thoughtless participant of all escapades is well portrayed by Wesley Barry as Penrod in the film which opens at the Virginia today.

Wesley goes through every stage from dodging the town cop to suffering through an afternoon dancing party. He is the exalted rooster of the American Boys' Protective association with headquarters in a forbidden cave. Terrible initiation ceremonies go on, only to be interrupted by the abrupt arrival of two noted and much sought for thieves. After capturing them, Wesley becomes the town idol.

MASONIC STUDENTS, FACULTY MEMBERS FORM NEW SOCIETY

Launch "Square and Compasses" Organization For Closer Bond Between Illini Masons

"Square and Compasses", a social non-political society to be composed of all Masonic students and faculty of the University was launched last night at a meeting of about 75 students, faculty and town Masons at the Acacia house.

A suggested constitution for the new society was read and a committee appointed by Julius Muller '25, chairman, and O. V. Walters '22 to revise the constitution to meet the suggestions.

The new society has been in the process of development for several months. Similar societies have been tried and found successful at other universities and the meeting last night was the culmination of the desire for the society on the campus.

Non-Political Club

The sole purpose of the society is to provide an opportunity for all Masons in the University to meet together, and to hold numerous social functions during the year through the medium of a fixed organization. The only requirement for membership is that the student or faculty man be a Mason.

The non-political character of the new society was stressed at the meeting. Its absolute neutrality in this respect is required by the Grand Lodge, it was brought out at the meeting.

Committee Appoints

Members of the nominating committee are O. V. Walters '22 temporary chairman, H. B. Garman, assistant dean of men, M. J. Bradley, instructor in Chemistry, J. W. Carrington '22, J. H. Hugh '25, E. A. Curtiss '22, and H. D. Fiske '25.

The examining committee consists of C. Z. Rosecrans, research assistant in mechanical engineering, M. J. Bradley, instructor in chemistry, Julius Muller '25, R. W. Fogler, graduate student, H. R. Ayres '24, and D. X. Elliott '23.

The constitutional committee consists of Julius Muller '25, A. R. Nichols '24, and W. R. Baldwin '23.

UNIVERSITY MEN LEAVE TO MAKE SOIL SURVEY

O. I. Ellis and John Woodard of the state survey left for Henry county yesterday to survey that county. Three groups are being sent out, this one being the second; the third will go as soon as the roads are passable.

The purpose of this survey is to determine the kind of soil present in each county and the treatment needed to improve it.

DR. FORD '19 TO PRACTICE MEDICINE IN CHAMPAIGN

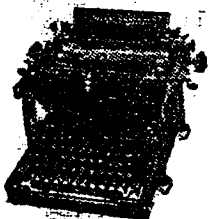

Dr. H. L. Ford '19, graduate of the University College of Medicine, has opened an office in the Robeson building and will treat all cases of eye, ear, nose, and throat affections.

Dr. Ford attended the University here in 1913-1914. After graduating from the College of Medicine he trained in the Cook county hospital, acting as resident surgeon for two years.

KERAMOS PLEDGES

Keramos, ceramic engineering society, has pledged the following eleven men: G. W. Sherman '23, R. A. Galbreath '23, H. T. Leverenz '23, H. F. Bopp '23, P. F. Larson '23, O. S. Mundy '23, S. O. Neiswonger '23, H. L. Cook '23, D. H. Innes '24, R. H. Louden and Dr. E. N. Bunting, research assistant in ceramic engineering.

You, Mr. Student

should have use for a typewriter. You can rent one from us for 3 months for \$7.50. Or you can rent with privilege of buying. Not So Bad

A. B. Stevens '23 who plays the female lead, Fifi Royce, lady love of Biff Bangs, J. E. Jachamer '22, in "Tea Time in Tibet," 1922 student opera, which will be seen for the first time tomorrow night at the Illinois theatre.

R.O.T.C. SIGNAL DIVISION RECEIVES NEW RADIO SET

New equipment consisting of a signal corps radio sending and receiving set was received yesterday by the signal corps division of the R. O. T. C. as an addition to the radio unit here.

The new set is twice as powerful as the former apparatus used, and will eventually afford greater possibilities for the department here, according to the statement of J. E. Lynch, technical sergeant.

Twenty student operators are on duty during the course of one week, and they receive and send official business to Chicago, Rantoul, and corps area headquarters.

Wireless telephone is also used in sending dispatches to Champaign field.

SENIOR CLASS PICNIC SET FOR SATURDAY, APRIL 29

Seniors will hold their class picnic from 1:30 to 5:30 o'clock Saturday, April 29 at a place to be announced at the meeting of the class Tuesday. A sub-committee of the main committee under the chairmanship of Harriett Rush '22 is working on entertainment for the picnic.

W.A.A. PLANS INITIATION OF TWENTY-FIVE TONIGHT

Twenty-five women will be initiated into the Women's Athletic association in the spring initiation from 5 to 7 o'clock tonight in the W. A. A. rooms.

Those to be initiated are Vera Bean '23, Lois Carman '23, Alice Judd '24, Margaret Jacobs '25, Catherine Stubbs '24, Jean Huntoon '25, Clara Belle Bruce '25, Irene Bernhardt '24, Frankie Byrne '25, Gladys Goette '24, Elizabeth Gray '25, Lillian Hamblen '23, Elizabeth Hudleson '25, Lora Barber '25, Edith Foley '25, Katherine Wurst '24, Netta Neiss '24, Leah F. Swanson '22, Florence M. Strout '25, Louise Van Dervoort '25, Mary E. Ruf '23, Margaret Gardiner '24, Ruth D. Arnold '25, Alice Preucil '25, and Katherine Nabors '25.

DRAMATIC HOUR TUESDAY TO INCLUDE PRIZE PLAY

"Penelope a la Mode," a one-act comedy by O. D. Burge '22, and "Aria Da Capo," another one-act comedy, will be presented at Mask and Bauble's next dramatic hour at 7 o'clock Tuesday night in Morrow hall.

The first play won first prize in Mask and Bauble's recent prize play contest. It will be the second of Burge's plays to be presented by the club. His other prize play, "The Conscious Lover," was produced last fall.

E. B. Henning '23, who is directing "Aria Da Capo," has announced the following cast for he play: Pierrot, Harold McCarty '23; Columbine, Janice Gillen '22; Corydon, L. C. Turner '22; Thyrsis, H. T. McMurray '22; Cothurnus, R. P. Austin '25.

'KASKASKIA' TO HOLD FIRST TRIBAL POW-WOW TONIGHT

Tribe Kaskaskia will stage the first Illini tribal mixer at 7 o'clock tonight in the Union Building.

G. Huff is to address the 400 men of the tribe which is made up of clans 10 to 18 inclusive. Jack Strobel '24 will also speak.

J. E. Middleton '23, chief of the tribe, announced last night that the mixer will be financed by voluntary contributions, none of which is to exceed ten cents.

CAMPUS PLAYERS PLEDGE LEADERS OF 'THE PIGEON'

Mildred French '24 and Rene Guet, graduate student and assistant in the department of romance languages, have been pledged to Mask and Bauble's.

ble, according to an announcement made yesterday by L. C. Turner '22, president. Miss French will become an active and Guet an honorary member of the society.

Miss French made her first appearance in campus dramatics in Mask and Bauble's recent production of "The Pigeon." Guet, who has also appeared in minor campus productions, played the role of Ferrand in the same play.

JACK SKIROW EX-'23 DIES IN LOS ANGELES HOSPITAL

Jack Skirow ex-'22 died last Saturday in Los Angeles, Calif., according to word received here yesterday. The funeral will be held tomorrow afternoon at the home of his parents in Chicago.

Skirow was registered in the College of Engineering but left school last spring on account of ill health and went west to recuperate. He was a member of Sigma Alpha Mu.

PAUL CO-AUTHOR OF BOOK ON ENGLISH JUST PRINTED

The third volume of "Practical English", of which Prof. H. G. Paul of the department of English and W. D. Miller of Easthampton, Mass., are authors, has just come from the press.

It is one of a series of three language books written for the grades and makes use of the latest investigations in the teaching of English with spe-

College Spirit

It's the kind of loyalty that's ready to fight at the drop of the hat. Only high and worthy things evoke such a feeling. Men have something of the same loyalty for their favorite cigarette, Melachrino, "the one cigarette sold the world over."

Remember that Melachrino is a master blend of only the finest Turkish tobaccos as originated by Miltiades Melachrino. Egyptian cigarettes are simply those that originated in Egypt. But the tobacco is what you want to know about—and if it's Melachrino—it's right

Melachrino

"The One Cigarette Sold the World Over"

cial emphasis on grammar. The book includes a large amount of drill and makes extensive use of the project method.

The series will be completed with a teacher's manual on the teaching of English in the grades. The publishers are Lyons and Carnahan, Chicago.

CHADSEY GOES TO NASHVILLE

Dean C. E. Chadsey of the College of Education left yesterday for Nashville, Tenn., where he will deliver two addresses before the state teacher's association and a third at George Pe-

body college for Teachers. He will return Saturday.

or in the department of English here and now on the staff of the department of English at the University of Michigan, will spend Easter at the University.

For April Showers New Topcoats

How many times during the rainy weather of the last two weeks have you wished you had one of our shower-proof topcoats. We don't like to be pessimistic, but experience tells us there will be lots more weather during April when you'll wish the same thing. There's no longer any excuse for merely wishing, because our shower-proof topcoats are priced so low they're within the reach of every man's pocket book. We have them here in the latest Scotch tweeds and gabardines at prices as low as **\$17.50**

New Shipment of Tweed Suits

Almost daily we receive substantial shipments of the now-so-popular tweed suits. They're latest styles and furthermore they are very reasonably priced at

\$18.50 to \$37.50

Men's Clothes tailored to your individual measure

Appearance

Haven't you often envied the chap who always appears smart, spick-and-span and stylish on every occasion? Haven't you felt handicapped because your clothes seemed to lack something?

You are constantly being judged by the way you look; our business is to make you look your best. We are tailors to men who are particular—men who insist on all-wool fabrics, smartness and individuality. Made-To-Order Clothes.

Are An Economy.

If the price question has been keeping you from enjoying the better style and fit of made to measure clothes—then you don't know how inexpensive it is to have your clothes made here.
